## Warranty:

1 year bumper to bumper on all parts

5 year warranty on all moving parts

Life time on frame

Accessories: KT9933 shown attached to M3B below.

## Functions:

RehabPro M1B is a simple 1-section all-purpose bench. Its light weight and small dimension makes it easy to move around, even for clients with upper extremity problems. It is designed for upper extremity rehab and rehab of the spine in sitting. M1B comes with 3" ball-bearing wheels as standard. The 3-D Shoulder Rotation Trainer (KT9933) fits on either short side of the bench. Standard colors are black, medium gray, imperial blue and red. Other colors are available upon request.
