

Accept Credit Cards and other Electronic Payments AT THE DOOR!

Consumers are using less checks and cash. A common objection sellers hear is, “I don’t have any cash or a check!”

UNIPAK Supply now accepts credit cards and other electronic payment methods at the time of sale - safely and securely through the consumer’s own phone. When your sellers hear the dreaded “I don’t have any cash or a check” objection, they have a response and procedure in place to still make the sale!

“I don’t have any cash or a check!”

*“No problem! Now you can pay with your credit card
or debit card using your own mobile phone!”*

Benefits to Easy Electronic Pay at the Door

1. **Simple to use.**
2. **Increase sales and participation** by accepting electronic payments.
3. **Reduce risk** by sellers handling less cash.
4. **Secure.** Supporters use their own devices to process payments on an encrypted secure payment portal. *Supporters never give anyone their credit card or debit card!*
5. **Used along with traditional payment methods.** Not a replacement to cash or check payments - *unless you want it to be.*
6. **Real time reporting.** All payments can be viewed in real time by the fundraising coordinator or sponsor using their secure administration account.

How it Works

1. Every organization is provided a Group ID with their fundraising pack. Sellers write this ID on the top of their order forms in the space provided for quick reference.
2. Supporters write their orders on the form just like they've always done. The order form has instructions for making electronic payments. (credit/debit card, Paypal, etc.)
3. Supporters use their own mobile device. They can either scan a QR Code on the order form or text "PAYNOW" to "72345" to receive instructions and a link to make a payment.
4. Supporters enter the Group ID, their payment information, total amount from the order form, and the student's name they are supporting onto the encrypted and secure payment form.
5. A confirmation code is displayed after the payment is accepted. This three letter code is written on the order form in the confirmation column. Your seller and supporter are done with the transaction!
6. The payment amount is recorded in our fulfillment system under the fundraising organization's account with the seller's name.
7. The fundraising sales person and fundraising organization are provided a report detailing all payments.
8. Final invoices show this amount as a credit.
