LET'S WARM UP!

Every class we warm up physically and with drawing.

May I have a volunteer to count to 10 in Mandarin while we circle our wrists?

Now let's make BIG circles with our arm!

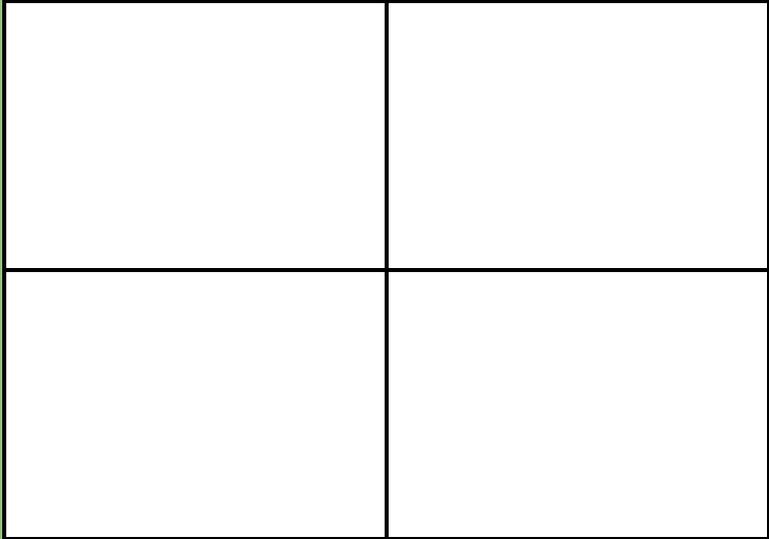

Finally, let's shrug our shoulders and drop them 10 times

CREATING TEXTURE WITH COLORED PENCIL!

You can use layering and different kinds of line to create the fur or skin of many different kinds of animals.

START BY CREATING 4 boxes on a fresh sheet of paper:

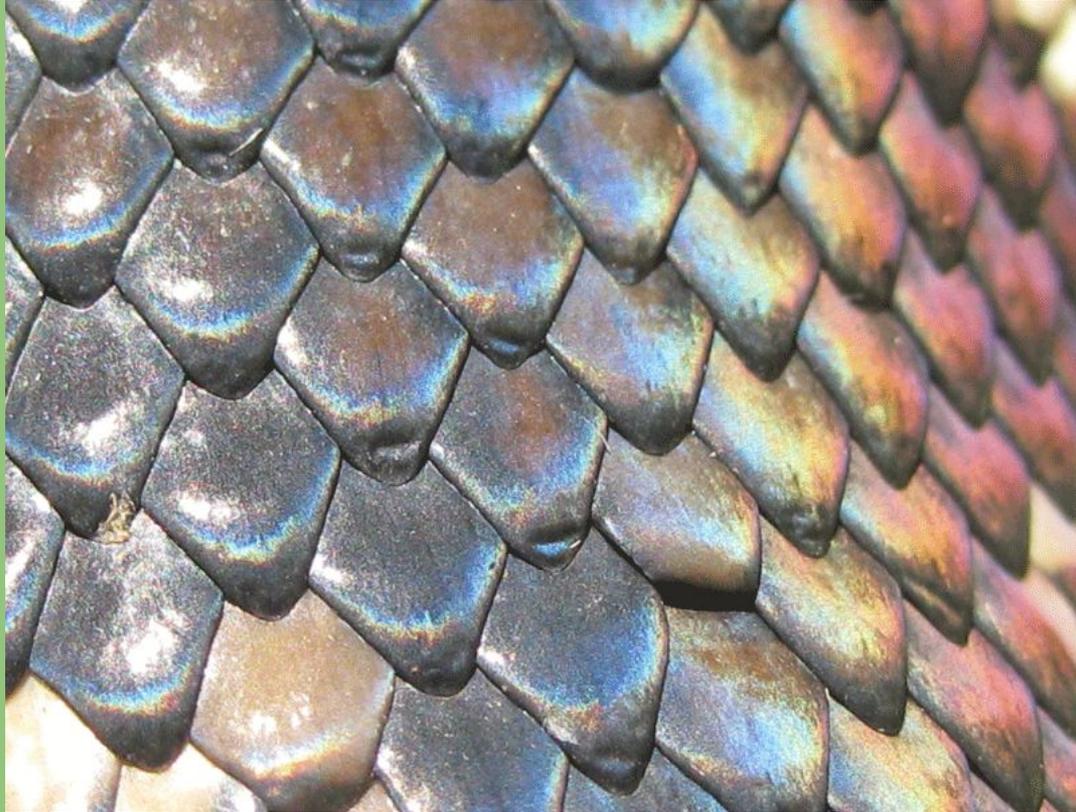

Each box will be a different kind of color, layering and texture.

Remember - the first layer is *ALWAYS* light!
