OLD BUSINESS:

Trustee Thompson updated the board that he attended the Road District Meeting. The Road District offered to donate Charlie Wards truck but in exchange there would be no snow removal for the Fire Station and Police Station/City Hall Parking lots. Trustee Thompson strongly stressed The Village of Claycomo did not bring up the previous lawsuit, but instead it was Clay County. He was concerned because they are the road district for the entire Village of Claycomo and they should plow these areas as well. It was noted that the truck is well cared for but that it is not the type of vehicle that the Village would want to place a snow plow on. No action was taken by the board.

Trustee Sulzberger asked if the information had been shared with the Zoning Board regarding the recent request for review of Dixie Edwards storage units. She pointed out that they were containers and not structures. Additional Chairman Barker noted there were some concerns regarding the storage containers becoming buoyant as noted in the Flood Plain Plan. It was requested the documents be forwarded to the Zoning Board.

Trustee Carter asked to know if any additional meetings have been scheduled regarding the sewer improvement with Kansas City. Chairman Barker stated they had not had any further contact since her last update to the board. Kansas City was still completing their bids for the work to be done. They do not anticipate any work to be started until July. Chairman Barker stated she would update Trustee Carter and provide him information to follow up on.

Trustee Carter and Chief Coonce then spoke regarding the body cams. Chief Coonce stated the replacement had arrived and was in use.

Trustee McClure asked if there were any questions or thoughts on the letter provided in the board packet for Kansas City Missouri Councilwoman Heather Hall. This was the letter requested by the board at the regular meeting of October 24, 2016, regarding the Maple Corners Project. There were no objections.
Additionally, she stated there were thank you letters prepared for Eric McCollom, Beth Happy, Danny Elsrode, and Eric Miles for their work on the ambulance committee, and Eric Miles for his assistance with the IT.

Trustee McClure personally thanked the Parks Board, Jason Wallace of Public Works, B.C. Hardscapes, McMurray Church, Claycomo Baptist Church, Trustees Carter and Sulzberger, as well as the Fire and Police Department for all their hard work for a successful Halloween Event.

Chief Coonce stated the repairs on the Taurus were complete and the vehicle was back in service. The new SUV was complete with the exception of getting the computer in it.

He updated the board that he and Chief Stewart had met with Pleasant Valley to discuss a dispatching contract. Pleasant Valley is drafting a 5-year contract in the amount of $85,000 with a 4% increase each year. They stated they would need to hire an additional dispatcher and officer for the increased calls. We are currently paying $65,000 to Kansas City Missouri, and have paid as much as $90,000 to Clay County in the past, annually.

Additionally, the call volume for mutual aid our fire department provides for Randolph and Birmingham was discussed. Chief Stewart and Clerk Chapman stated The Village was in negotiation to establish a contract with the City of Randolph to be brought before the board as their contract had expired. Birmingham has a current contract. Trustee Carter asked regarding an increase in fees. Assistant Fire Chief Miles stated there are not many calls to either of the communities. He and Chief Stewart stated that the ambulance calls were billed to the patient in most cases and is recouped.

Chief Coonce informed the board that he recently went to Jefferson City to review surplus items and purchased five Panasonic Tough Book Laptops. He purchased two for the Fire Department, two for the Police Department and one extra at $400 each. These items were purchased from the Equipment Replacement Fund. These computers cost around $2,000 each brand new.

Chairman Barker shared two bids within the boards packet for damage to the municipal buildings roof. One was for fixing small damage and gutter debris was found. A request was made to have public works clean the debris from the gutters. The second bid is for roof replacement which was recommended. Trustee Thompson stated we want to be sure any bids include new vents as the existing system is not adequate. As there were storms in the area recently, Clerk Chapman is contacting the Village insurance carrier to check for damage. Chairman Barker recommended that the Gazebos roofs at the parks also be checked due to the recent storms as they are fairly new. There was a concern raised by Fire Chief Stewart the last storm may have brought in a small leak in a new area.
