

## *WINTER IS COMING!*

*Season's Greetings! Everyone here at Williams Renovation & Building Co. want to thank all of our customers for entrusting us with their home in 2022. We wish you, your family and all of our friends a very Merry Christmas and Happy New Year! Be safe, love one another. God bless.*

Winter is fast approaching.... you may need some quick repairs keeping out the cold air around those doors or windows? Maybe it's time to get that furnace checked or replaced to keep everyone warm this Winter? Please call me anytime at 214-325-3046 if you need assistance with last minute home repairs before the holidays. I have the best mechanical contractors in DFW to help you with any plumbing, electrical or HVAC concerns... only a phone call away. Please allow us to serve you!

I anticipate 2023 to be another good year for the home and building industry and for repairs and remodeling to existing homes.

*Have a great holiday season everyone!  
Be safe and I'll see you in 2023.*

*Burton Williams*
