May is here. We celebrate all moms and honor our fallen heroes. Gardens are growing and outdoor activities are comfortable. Let's have a wonderful and memorable month.

Members making a difference:

Our RWCNC member, La Mesa resident and city council member Laura Lothian is having a positive impact on the lives of all La Mesa residents with her outspoken opposition to local government over reach. She recently spoke out against Councilmember Shu's proposed new ordinance that would have criminalized keeping a firearm within any residence unless the firearm is stored in a locked container or trigger locked. The proposal failed. Next she's working on improving the speed of the building permit process for La Mesa residents.

Call to action:

I'm looking for events to represent our club at anywhere in the county this year. Craft shows, political events, networking groups, street fairs, etc. If you know of an event we could attend, please send me the info and I'll arrange a presence for our club.

A big THANK YOU, to all members who invited a guest or brought a friend or multiple friends to lunch in April! Our membership goal for 2022 is to reach 200 club members by end of year. You are making a difference every time you share our club in our community. Thousands of women in San Diego County are looking for a place to make a difference and we are a great place to make new friends and do just that. Do you know a Democrat who's not recognizing their party these days? Bring her to lunch. Together we are unstoppable.

Membership Report: 152 full members, 9 associate members **(we are just 48 members from goal achieved!)**

If you still haven't renewed your membership for 2022, please email me and I'll send you the online renewal link or mail your \$35 check in to:

CHAPLAIN—Ginny Wisley

*“Do not judge, lest you be judged.
Matthew 7:1*

“We judge ourselves by our.” good intentions, but we are judged by our last worst act” *. Frank Reagan said that to Jaime one night on Blue Bloods. I had “taped” the episode & rewound it about five times to get the quote right because I liked it so much.

It’s true, though. We think we are so good in our minds, but all it takes is that one monumental oops & that’s what goes down in memoriam to everyone we know; a good thing gets told to one person, a bad thing to 10!

What are your intentions? Are they noble? Are they self-serving? Are they to change the world, to change the community, the space around you? Do you try to make surroundings a better place?

In honor of Mother’s Day let your last worst act be all your good intentions imagined, visualized, realized, and put out for the world! Make Mom proud!

Blessings!

*After further investigation, I found the quote to be a paraphrase of a quote from Michael Josephson, “We judge our own character by our best intentions & most noble acts, but we will be judged by our last worst act.” (but I personally like Frank Reagan)

WAYS AND MEANS—Diane Randolph

Things were hopping at our April meeting. Our Easter Egg Surprise netted the club \$152 and the Split the Pot brought in \$169 all of which will go towards paying for the food and drink at our May Candidate forum.

At this month’s May 12 candidate forum we plan on having a **Buck for a Book** sale. If you have any POLITICAL BOOKS that you would like to donate please bring them to the meeting so others can enjoy them too. The proceeds from this book sale will also be used to defray the cost of hosting the forum.

We’ll have our life size poster of President Trump available for picture taking so you might want to bring your MAGA hat and join in the fun. I’ll be bringing a patriotic cowboy hat so you can borrow it should you choose to add a little extra to your picture.

See you all on the 12th and remember it’s Bye Bye BLUES....Hello RED!!!

VOTE SAFE IN 2022 Part #1—"Everybody" Gets a Ballot—So What Now?

As an educational and research organization, it is always our joy to share with our fellow citizens things they need to know to make their voting experience more safe, secure and fulfilling.

Our "Vote Safe in 2022" article series is designed to answer any questions you may have, as well as alert you to information you never knew you were missing. **We suggest you create a special folder to save them all for reference and sharing. They will also be available under a special tab on our website.**

With ballots poised to be mailed out to each and every "active" registered voter in less than a month, we'll begin by answering the obvious question: What is an "active" registered voter?

According to federal law, once you are registered, you may not be removed from the rolls solely for failure to vote. You remain an "active voter" whether you vote or not.

However, federal law also mandates that voters who fail to vote in two consecutive federal elections be mailed a post card asking whether they are still residing where registered and want to remain on the rolls.

If that card is not returned by the voter, or comes back undeliverable, the registration must be moved to an "inactive" list.

"Inactive" voters are still eligible to vote. All they need to do is SHOW UP or MAKE A PHONE CALL (which is why Voter ID is so essential to prevent voter impersonation). But they will not automatically be mailed a ballot, as those on the active list.

Registrants who remain on the inactive list for two more consecutive federal elections with no further electoral activity (registration updates, petition signatures, signature updates, votes cast, response to election officials' further outreach) must then be cancelled from the voter rolls.

EIPCa data research has proven that most counties in California do a less-than-adequate job of this voter roll maintenance, and at last conservative count almost half a million deceased or moved individuals are still on the "active" list, many after decades of inactivity, and some having never voted at all.

Remember, those "voters" will have a ballot sent to their address of record, and with no voter ID requirement, the weakest of all possible signature verification regulations, and legalized unrestricted ballot harvesting (we call it ballot trafficking), the opportunity for electoral chaos is obvious.

Ballot mailing begins May 9. If you are registered, there's one destined for your mailbox.

The next several parts of Vote Safe in 2022 series will discuss what you CAN and SHOULD do to make your vote COUNT.
