

BASIC COURSE INFORMATION

Course Prefix, Number, and Title:	BIOL 221-1 (05310)	Human Anatomy & Physiology: Part 2
Credits:	Unit Hours/Credits:	4 units/credits
	Classroom study hours (CS):	3 hours
	Laboratory/Clinical hours (L/C):	3 hours
Meeting Days and Times:	Tuesday	Lecture 4:00 PM to 6:30 PM Swain Hall Room 306
	Wednesday	Lecture 4:00 PM to 6:30 PM Swain Hall Room 306
	Thursday	LAB 4:00 PM to 7:50 PM Swain Hall Room 306
Semester/Year:	Summer Semester 2020	
Course Dates in Campus Connection:	8-week (summer semester)	May 26, 2020 to July 22, 2020.
Mode of Delivery:	face-to-face	
Location:	Lecture: Swain Hall Room 306.	Minot State University
	Lab: Swain Hall Room 306.	Minot State University

INSTRUCTOR INFORMATION

Name(s) of Faculty Member(s):	Aaron L. Ament, M.Sc., M.D. (Instructor for Lecture and Lab)	
Office Location & Office Hours:	Swain Hall Room 308. Minot State University. Office Hours: Monday and Friday from 9AM to Noon, or by Appointment.	
Contact Information:	Phone: (701) 240-3373	
	Email: aaron.ament@ndus.edu	
	Website: www.amentanatomy.com	

ADDITIONAL COURSE INFORMATION

Course Catalog Description:	Structure and function of the human body dealing with the special senses, endocrine system, blood, cardiovascular system, lymphatic system, immune system, respiratory system, gastrointestinal system, metabolism, urinary system, fluids & electrolytes, reproductive system, and pregnancy.
Placement Policies:	Each section of lab will have no more than 24 students. The section will not be overloaded. Any student on the waiting list will automatically be added to the enrolled status by campus connection once a student drops before the last day to add classes in rank order. If you do not get enrolled by the last day to add classes, then you will need to register to take the course in a future semester. No exceptions. Register for classes early to get the course you want in the semester you want. BIOL 221 is known to fill quickly.
Prerequisite/Co-requisite Courses:	BIOL 220 is the prerequisite for BIOL 221.
General Education Category (or Categories):	BIOL 221 does meet MSU's General Education Requirements in the FC2: Lab Science category, but not the CCS, PSR, and IP categories (CCS = Critical Capacities and Skills, PSR = Personal and Social Responsibility, IP = Interconnecting Perspectives). BIOL 221 is typically taken by those with majors requiring human anatomy courses or as an elective for those with an interest in the subject matter.

Required Course Materials:

Lecture Materials: *Anatomy & Physiology*, by OpenStax (the book is a FREE PDF at <https://openstax.org> You can also buy an inexpensive print copy in the bookstore or online).

Lab Materials: No lab manual to buy. I provide a lab handout for each lab when you arrive or have material written on the whiteboard. Your lecture book and the class website has all the photos and reference materials you will presented in the lab setting.

Student Learning Outcomes:

N/A for BIOL 221

Course Objectives:

As a result of taking BIOL 221 you will cover part 2 of 2 courses covering human anatomy and physiology. The individual learning outcomes of BIOL 221 are listed in the course catalog description and match the list of lecture titles presented. This is a hard course. There will be about 1000 anatomical and physiologic terms introduced throughout the semester. Many of these words or their derivations will be familiar to you from their common usage, but many are specific to the language of anatomy and this will be evident right from the very first lecture. It takes lots of time to memorize hundreds of new terms every few weeks, so be sure to work on it a little every day. Aside from the new anatomical terms, you will primarily be learning normal (non-diseased state) anatomy and physiology of the human body. When appropriate and where it highlights or emphasizes the reason a particular anatomical part or physiologic processes is taught, I will encourage discussion and go over some example diseases or injuries to show the close tie between form and function. Together, both BIOL 220 & 221 should prepare anyone interested in any of the medical or allied health professions as a career. After studying all materials and resources in the course, the student will be able to:

Lecture:

- Use anatomical terminology to identify and describe the locations of major organs in each organ system covered.
- Explain the interrelationships among molecular, cellular, tissue and organ functions in each system.
- Explain the physiological processes needed for the maintenance of homeostasis.
- Identify the causes and effects of homeostatic imbalances.
- Explain physiological processes of all body systems in detail and on an appropriate level (knowledge, comprehension, application and analysis).

Lab:

- Apply appropriate safety and ethical standards.
- Appropriately utilize laboratory equipment, such as microscopes, dissection tools, general lab ware, bones, and anatomical models.
- Work collaboratively and effectively in a group.
- Direct their own learning activities.
- Locate and Identify anatomical structures.

ASSIGNMENTS AND GRADING INFORMATION

Grading Policy and Scale:	Lecture Exam #1	Covers Chapter 14	50 points	
	Lecture Exam #2	Covers Chapter 17 & 18	50 points	
	Lecture Exam #3	Covers Chapters 19 & 20	50 points	
	Lecture Exam #4	Covers Chapter 21	50 points	
	Lecture Exam #5	Covers Chapter 22	50 points	
	Lecture Exam #6	Covers Chapter 23	50 points	
	Lecture Exam #7	Covers Chapter 25 & 26	50 points	
	Lecture Exam #8	Covers Chapter 27 & 28	50 points	
	Lab Exam #1	Covers Lab 1	25 points	
	Lab Exam #2	Covers Lab 2	25 points	
	Lab Exam #3	Covers Lab 3	25 points	
	Lab Exam #4	Covers Lab 4	25 points	
	Lab Exam #5	Covers Lab 5	25 points	
	Lab Exam #6	Covers Lab 6	25 points	
	Lab Exam #7	Covers Lab 7	25 points	
Lab Exam #8	Covers Lab 8	25 points		

The 8th lecture and lab exam is also considered your "final" in the summer semester.

Cadaver Lab Participation (2, -25 points for each non-participation) 0 points

TOTAL POINTS: 600 points

Letter Grade Breakdown:

— 85% to 100%	A	"Excellent"	510 — 600 points
— 75% to 84.9%	B	"Good"	450 — 509 points
— 65% to 74.9%	C	"Average"	390 — 449 points
— 55% to 64.9%	D	"Poor / Passing"	330 — 389 points
— 0% to 54.9%	F	"Fail"	0 — 329 points

There is no rounding of grades, and no curve applied to the class.

There are no extra-credit projects, and no retaking of quizzes or exams.

Tutoring services are usually available each semester, but not guaranteed.

If you are having academic trouble, ask me for help (earlier in the semester is better).

Assignments and Descriptions:

Lecture material is tested by multiple choice exams as noted above. There are no papers to write. Lab begins with a quiz on the previous lab's material followed by a presentation of the new lab material and time to dissect, observe the anatomy, view slides, and go over the relevant anatomy of the cadavers and models. Lab practical exams test on your knowledge of the lab material as noted above.

Tentative Course Outline:

Week	Day	Date	Lecture & Lab Schedule	Topic
1	Tuesday,	May 26	Chapter 14	Special Senses - part 1
	Wednesday,	May 27	Chapter 14	Special Senses - part 2
	Thursday,	May 28	Lab 1	Special Senses & Introduction to Cadaver Lab *** No Lab Quiz today.
Sunday, May 31 to Monday, June 1 — Blackboard Exam #1 on Ch. 14 (25 multiple-choice questions, 50 points)				
2	Tuesday,	June 2	Chapter 17	Endocrine
	Wednesday,	June 3	Chapter 18	Blood
	Thursday,	June 4	Lab 2	Endocrine & Blood 25 point exam on Lab 1 material.
Sunday, June 7 to Monday, June 8 — Blackboard Exam #2 on Ch. 17 & 18 (25 multiple-choice questions, 50 points)				
3	Tuesday,	June 9	Chapter 19	Heart
	Wednesday,	June 10	Chapter 20	Vessels
	Thursday,	June 11	Lab 3	Heart & its vessels 25 point exam on Lab 2 material.
Sunday, June 14 to Monday, June 15 — Blackboard Exam #3 on Ch. 19 & 20 (25 multiple-choice questions, 50 points)				
4	Tuesday,	June 16	Chapter 21	Lymphatic System
	Wednesday,	June 17	Chapter 21	Immune System
	Thursday,	June 18	Lab 4	Lymphatic System 25 point exam on Lab 3 material.
Sunday, June 21 to Monday, June 22 — Blackboard Exam #4 on Ch. 21 (25 multiple-choice questions, 50 points)				
5	Tuesday,	June 23	Chapter 22	Respiratory System - part 1
	Wednesday,	June 24	Chapter 22	Respiratory System - part 2
	Thursday,	June 25	Lab 5	Respiratory System 25 point exam on Lab 4 material.
Sunday, June 28 to Monday, June 29 — Blackboard Exam #5 on Ch. 22 (25 multiple-choice questions, 50 points)				
6	Tuesday,	June 30	Chapter 23	Gastrointestinal System - part 1
	Wednesday,	July 1	Chapter 23	Gastrointestinal System - part 2
	Thursday,	July 2	Lab 6	Gastrointestinal System 25 point exam on Lab 5 material.
Sunday, July 5 to Monday, July 6 — Blackboard Exam #6 on Ch. 23 (25 multiple-choice questions, 50 points)				
7	Tuesday,	July 7	Chapter 25	Urinary System
	Wednesday,	July 8	Chapter 26	Fluids & Electrolytes
	Thursday,	July 9	Lab 7	Urinary System 25 point exam on Lab 6 material.
Sunday, July 12 to Monday, July 13 — Blackboard Exam #7 on Ch. 25 & 26 (25 multiple-choice questions, 50 points)				
8	Tuesday,	July 14	Chapter 27	Reproductive System
	Wednesday,	July 15	Chapter 28	Pregnancy
	Thursday,	July 16	Lab 8	Reproductive System 25 point exam on Lab 7 material.
Sunday, July 19 to Monday, July 20 — Blackboard Exam #8 on Ch. 27 & 28 (25 multiple-choice questions, 50 points)				
9	Tuesday,	July 21	Study Time	
	Wednesday,	July 22	Study Time	
	Thursday,	July 23	No new lab material	25 point exam on Lab 8 material is only thing for today.

You must participate in 2 cadaver dissections during the semester. Participation is required and will be explained in lab. 25 points will be deducted from your final point total for each dissection missed (max of 50 points can be deducted).

Tentative Dues Dates of Major Assignments:

See the Tentative course outline for the dates and topics of each quiz, exam and lab practical.

POLICIES

- Late and Missed Work Policy:** If you have a schedule conflict (MSU sanctioned sports event, planned surgery, pregnancy, doctor's appointments, etc....), tell me (*if possible*) BEFORE the exam or ASAP by email so we can plan another testing time. If you are sick, go see a doctor first and talk to me later about make up work. Be prepared that makeup exams will likely not be the same format as listed below (i.e. fill in the blank, essay, or other kind of test of my choice). Ideally, all makeup lecture and lab exams will be done within a week of the one on the schedule.
- Attendance Policy:** I follow the Minot State University Attendance Policy that can be found at <http://www.minotstateu.edu/records/pages/policy-class-attendance.shtml>
You are expected to attend all lectures and lab. As a courtesy, please email me if you are going to miss lecture or lab.
- University Sanctioned Events Policy:** Minot State University has a commitment to students who represent the University in official capacities. University-sanctioned activities include events that are required or encouraged by a class, program, club, or athletic team. When a student has a scheduled absence due to a university-sanctioned activity, it is the student's responsibility to communicate with the faculty member prior to his or her absence. If your absence occurs during a lab or when a lecture exam is being given, I will work with you to find a time to makeup the quiz or exam you missed. I try to get all missed work completed within 7 days. If the student fails to communicate with me (by email, phone, in-person, etc....) within a week of the missed work, a zero will be scored.
- Academic Honesty Policy with Penalty for Violating the Policy:** I follow the Minot State University Academic Honesty Policy that can be found at: <http://catalog.minotstateu.edu/graduate/policies-regulations/grad-academic-honesty/>
If you are caught cheating on any quiz or exam, a zero will be recorded.
- Disability Statement:** In coordination with the Access Services, reasonable accommodations will be provided for qualified students with disabilities (LD, Orthopedic, Hearing, Visual, Speech, Psychological, ADD/ADHD, Health Related, TBI, PTSD and Other). Please meet with the instructor during the first week of class to make arrangements. Accommodations and alternative format print materials (large print, audio, disk or Braille) are available through the Access Services, [in person](#), by phone 701-858-3371 or by e-mail at evelyn.klimpel@minotstateu.edu.
- Non-discrimination Statement:** Minot State University subscribes to the principles and laws of the state of North Dakota and the federal government pertaining to civil rights and equal opportunity, including Title IX of the 1972 Education Amendments. Minot State University policy prohibits discrimination on the basis of race, gender, religion, age, color, creed, national or ethnic origin, marital status, sexual orientation, gender identity, or disability in the recruitment and admission of students and the employment of faculty, staff, and students, and in the operation of all college programs, activities, and services. Evidence of practices which are inconsistent with this policy should be reported using the Student Complaint and Anti-Discrimination Form located here: <https://form.jotform.com/72996849416981>. For the complete non-discrimination statement, visit [here](#).

Title IX Statement:

MSU faculty members are “mandatory reporters,” which means that once we are apprised of violence or harassment based on sex and gender, we are required to report the incident to the Title IX office on campus, regardless of whether the student wants this information reported or not. It may very well be that you would like the information reported, but you do not know whom to approach about this information, in which case our mandatory reporting requirements will be desirable to you. However, if you just wanted to talk about an incident but do not want it reported, neither you nor I have any choice in this matter, and once divulged, I must report it. This Office for Civil Rights.

Title IX makes it clear that violence and harassment based on sex and gender are Civil Rights offenses subject to accountability and support. If you or someone you know has been harassed on the basis of sex and gender or assaulted, you can find the appropriate resources on/off Minot State University’s campus.

IMPORTANT DATES

Assessment Day:

No MSU staff assessment day for the **Summer 2020** semester.

Final Exam Date and Time:

See tentative calendar above for the full details of what is on each exam:

Sunday, July 19 to Monday, July 20 — Blackboard Exam on Ch. 27 & 28.
Thursday, July 23 — 25 point exam on Lab 8 material.

Human Cadaver Lab Rules:

There are some very specific rules regarding your experience in the the cadaver lab.

- a. Due to grouped activities in lab, and just 2 cadavers that need to last a year, it is absolutely necessary that you attend the lab section you are registered for. Remember, that any missed quizzes or exams can not be made up unless you follow the rules mentioned above. **It is best not to miss anything.** Quizzes are based on the previous lab's material. I will let you know what that material is when you come to lab. Do not expect to get a chance to take the quiz later in the lab if you show up more than a few minutes late.
- b. You will do dissections of both animal organs and full human cadavers. While the animal dissections always go along with the new material presented each week, due to the sequence of how a cadaver is dissected some of the cadaver dissection material may not correlate till later in the semester. I will let you know if we have identified something from one of the cadavers from a previous dissection in the first half of the lab. This "mis-alignment" of what you are dissecting and what you are studying is really only present for the first half of the lab, towards the end... all of the lab stuff will be in sync.
- c. **YOU WILL BE GRADED AND RESPONSIBLE FOR PARTICIPATING IN 2 DISSECTIONS. You must participate to pass, but there are "participation options" for those who do not want to cut or even touch the cadavers. At a minimum, you must be able to look at the cadavers, or else you might need to drop the course. The dissection participation options will be explained in lab, and there will be a sign up sheet posted in the lab for each lab section. The location to be dissected is decided by Dr. Ament from week to week based on the progress already made.**
- d. **Photography, or video of the human cadavers of any kind, as well as mishandling, or disrespecting the human tissue are grounds for immediate failure of the course. In addition, you will NOT be eligible to take this course again in the future.**
- e. Usually a handout with the assigned information for that week will also be provided, or I will write materials to be learned on the whiteboard in lab. These handouts are just to help you with note taking, they are NOT for turning in as a grade. Copies (if you lose it) will be posted to the class website.
- f. **NO open shoes, NO flip-flops, NO sandals are allowed in the cadaver lab. If I can see the skin on your toes, you can NOT go in the cadaver lab area of the room.**
- g. You must wear a lab coat and gloves to work with the cadavers. If you were only participating with documenting and navigating the dissection versus doing the actual dissecting, you can return your lab coat to the "clean" area. Dissecting students will put their lab coats into the laundry basket in the cadaver lab.
- h. The window blinds to Swain 306 will be CLOSED when the cadaver lab blinds are open to prevent people in the hall from seeing the cadavers.
- i. Put all loose fat, connective tissue and removed skin as instructed into the correct bins. NEVER remove any cadaver tissue from the cadaver lab. NEVER mix or move one cadaver's tissue with the other one. All tissues from each cadaver are kept separate.
- j. Wash the tools in the sink with soap and water when you are done, and put them in the drying tray.
- k. ALWAYS document your group's dissection in the correct log with each lab. This is part of your grade.
- l. No food or beverages in the cadaver lab.
- m. **NO person is to be admitted into the cadaver lab without staff approval. If the visit serves no academic purpose, the request to view the cadavers will be denied.**
