

Legacy Foundation of Southeast Arizona

Promoting Population Health and Community Wellness
Throughout Southeast Arizona

March 16, 2020

Dear Community Partners,

During these challenging times resulting from COVID – 19, the Legacy Foundation Board and staff thank you for all you are doing to maintain your services to the communities we serve. We understand how difficult things are right now, but know that we are behind you and we will support you in any way we can.

Like you, the Legacy Foundation, has been monitoring COVID – 19 and making timely decisions based on the available information.

Our main goal at the Legacy Foundation is to keep our community partners and staff safe and well, and to that end we have taken the following provisional actions:

1. Closure of the Olson Outreach Center.
2. Cancellation of all meetings hosted by the Legacy Foundation.
3. No attendance by staff at external meetings.
4. Closure of the Legacy Foundation offices to walk in guests, our community partners and the public.
5. Implementation of a modified operations plan at the Legacy Foundation including flexible hours for staff and telecommuting.

By implementing these measures, we are supporting “social distancing” in an attempt to slow down the spread of the COVID – 19 virus.

Please be assured however, that although we may not be physically present at the Legacy Foundation offices, we will continue to conduct our operations remotely and our support for you will not be interrupted.

The Legacy Foundation’s support for our community partners includes Emergency Funding for organizations whose ability to provide services in the community is impacted by COVID – 19. If you have the need for emergency funding please contact us – the Legacy Foundation may be able to assist.
