

Tami Van Posada

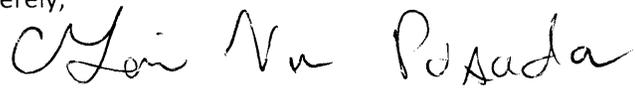

To whom it may concern:

Mr. Paul Burd has been my piano instructor for a year and half. During this time, I have learned a vast amount. His instruction is easy to understand and his emphasis on proper techniques has helped me to play beyond what I thought was my capability.

In addition, Mr. Burd is a very courteous person. He is always trying to motivate me to play as best as I can.

As a final point, I would recommend Mr. Burd as a piano instructor for any student wishing to learn piano, from beginner to advance, and from children to adult.

Sincerely,
