

# DARTON BOWS

DARTON Archery Equipment provides a wide range of types and styles to fit individual needs, preferences, tastes and budgets. However, there is no compromise with anything less than the finest in quality of design, workmanship and materials. We are determined the DARTON name shall continue to stand for the very best in Archery Equipment, always. We have pictured and described our line as accurately as we can — but the look, the feel, and the use of DARTON'S computer improved Archery Equipment give the best proof of the wonderful difference DARTON makes. In Archery, those who want the best — make sure of getting it by choosing DARTON. Our own greatest pride and pleasure is in the pride and pleasure of our customers who know that:

# DARTON ARM GUARDS, GLOVES & TABS

## ARM GUARDS

### AG-10 KWIK-KLASP

The Kwik-Klasp's special design permits this leather arm guard to be put on or taken off in an instant, with elastic bands and a single hook fastener.

### AG-20 PROFESSIONAL II

The Professional II has a narrow design, with one spring-steel spine sewn between top grain leather and soft suede lining. Comes with two elastic straps and patented fasteners.

### AG-60 JUNIOR OLYMPIC

The Junior Olympic arm guard is long and made to bend at the elbow, made especially for the young archer.

### AG-30 PROFESSIONAL I

The Professional I is lightweight with the added protection of a single steel spine. This two-strap professional model

provides top grain leather and suede lining.

### AG-40 HUNTER II

The Hunter II features three adjustable elastic straps with patented fasteners to secure this full-protection guard to the arm. Made of top-grain leather, soft suede lining, and three spring-steel spines.

### AG-55 PROFESSIONAL

The Professional arm guard is long in length, and features three steel spines between leather and suede lining. It adjusts easily with elastic straps and is seamed at the bending point for good movement of the arm.

## GLOVES

### G-50 APACHE

The Apache features an all-leather, open-end glove with

an adjustable elastic wrist strap. Small, medium and large.

### G-54 TANTOR

The Tantor has open-end finger sheaths and an elastic wrist strap that keeps glove in place. Small, medium, large and extra large.

## TABS

### T-100 TAB

This tab is styled and shaped like a Marshall Tab with smooth release surface. Available extra small only.

### T-105 WESTERN TAB

The Western tab is made of top grade leather, with a smooth release surface, for those who prefer the Western style. Specify large or small.

### T-101 (MARSHALL TAB)

### T-1015 (MARSHALL TAB)

The Marshall-style tab has the lower half of soft suede and the upper face of smooth leather lock-stitched together. Specify small, medium or large when ordering. (T-101 Cowhide Tanned) (T-1015 Hair Tab.)

## ACCESSORIES

### B-51 BOW SLING

This bow sling is made of genuine leather. Fits any bow. Attaches to bow with pressure sensitive patch.

### S-75 BOW TIP PROTECTOR/ STRING SAVER

The Bow Tip Protector and String Saver is designed in durable, elk-tanned leather with double lock-stitch sewing and reinforced elastic band

# DARTON ARROWS
