

JOHN LEWIS,
REGIONAL SALES
MANAGER

John has been providing quality application assistance to his customers since joining Henry M. Wood in 1989. John specializes in providing solutions to all types of leak, pressure, and run testing as well as fluid power and material handling applications.

John came to Henry M. Wood Co. after years with Honeywell, Inc. where he worked with building automation systems and design.

He is a 1978 graduate of The University of Cincinnati and resides in Dayton, Ohio.
