

THE AGE OF THE GENTILES

The purpose of this illustration is to ascertain the prophetic pattern of the notion of 7's, Biblically speaking as it relates to the Jewish year of 5-777 or 2017-18. The 7, 70, 777 numerical factors will be compared to the 7 Feast of YHVH for possible prophetic patterns and correlations with respect to a possible convergence in the Jewish year of 5-777 that for several possible reasons will attempt to be explained. The context and backdrop of such a study will be considered speculation to see if such variables might present numerical clues as to when the prophetic parenthetical age of 'Pentecost' will conclude. This Pentecostal period is consisting of the *Church Age* and appears to be the 'Servant Stem' or middle branch in the Jewish menorah pattern typology.

THE MENORAH PATTERN TEMPLATE

Spring Feasts of YHVH

1. Passover 7 days or 1 week
2. Unleavened Bread
3. First Fruits

4. Pentecost 7 days x 7 times – prophetically patterned

Fall Feasts of YHVH 21 days (7-7-7) pattern

5. Rosh HaShanah
6. Yom Kippur
7. Tabernacles

However if one multiplies 1985 years x 356 solar years = 724,525 days, a difference of 483 days. What is peculiar about the 483-day count is that it is a factor of Daniel's prophecy in the following manner.

1. Add 7 + 62 weeks of years = 69 weeks of years in this prophecy
2. Multiply 69 (weeks) x 7 (to get the total number of years in this prophecy) = 483 years
3. Multiply 483 years x 360 (to get the total number of days in this prophecy) = 173,880 days

 -70th Week of Years per Daniel?

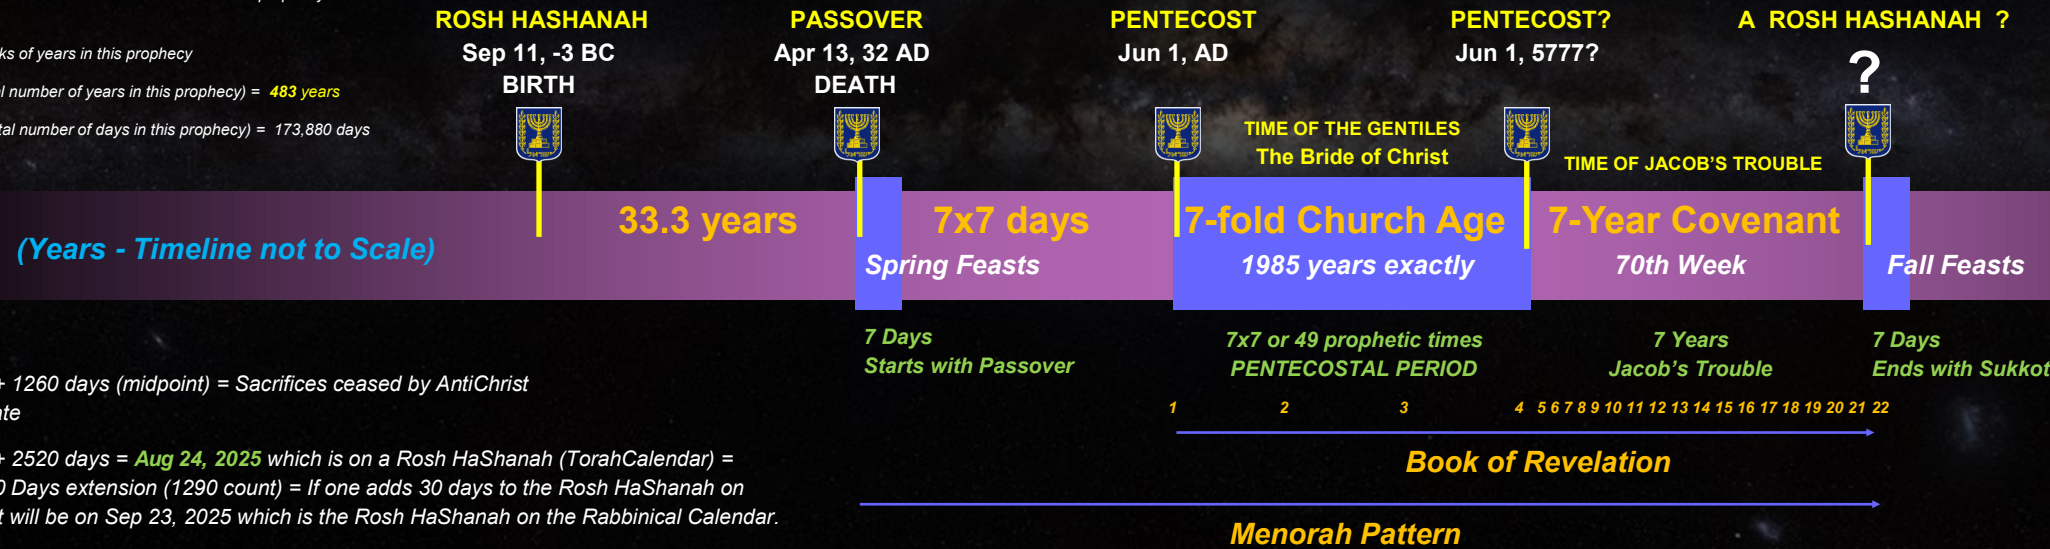

If 1 day is as 1000 years, and the Gentile Age is to be 2000 years or '2 days exactly, then there is still 14 years or 7-7 factor from 1985 years from 1st Pentecost to completion. This year would be 2032. However if one factors in the life of Jesus already of 33 years, the difference is 2018 years. Thus could the year 2018 be synchronized as it will be the anniversary of the 70th year of Israel birth?

1ST COMING
 Messiah ben-Joseph
 The Lamb
 The Suffering Servant

2ND COMING ?
 Messiah ben-David
 The Lion
 The Conquering King

If all the major occurrences of Biblical prophecy took place on a Feast type of YHVH, will it follow that the 2nd coming of Jesus will be on Rosh HaShanah as it mirrors His 1st coming on Rosh HaShanah?

2018 year = (33 years + 1985 years)

War of Independence: Israel's 'Birth': the Nation
 May 14, 1948 + 70 years using solar years (70 x 365 = 25550 days) = May 14, 2018

Note that 1260 + 1290 (30 extra days) = 2550

May 14, 1948 + 70 years using lunar years (70 x 360 = 25200 days) = May 12, 2017
 *May 14, 1948 to Jun 1, 2017 (1985 year anniversary of 1st Pentecost) = 25220 days

Jun 1, 32 AD + (1985 years on solar calendar) = 725,008 days = Jun 1, 2017
