

**CEO Log:  
Baldwin**

**June 25<sup>th</sup> – July 1<sup>st</sup>, 2017  
Log #26      Page #1**

**28th: A visit to Murch Road and Ed & Louise Dwyer building lot. This activity started a year ago with clearing of the land and SSWD field only placed in anticipation of a residence to be built. A garage had been constructed for the use of storage.**

**Dwyer is building a timber frame home. Foundation is in place and timber has arrived as pre-constructed frame. Post & beam frames are always interesting.**

**Wes.**
