What's in a Seat Base?

Our bases are molded plastic frames with stainless steel hinges and hardware. No wood to rot in any of our seats; even our economy fishing seats have plastic bottoms and safety hinges. We use the same kind of seat bases you'll find only on new boats.

All of our bases carry a lifetime warranty

We use the term OEM grade to describe our seats. That means that they are the same quality as those used on new pontoon boats. New boat manufacturers have extended warranties and the reputation of their brand is riding on the quality of their seats. There is a completely different quality of seats built for the aftermarket. Our seats have mildew resistant and color fast 30 oz. Marine Grade vinyl. When we claim that our vinyl is 30 ounce, it really is 30 ounce *not something less*. We use only virgin foam that stays firm for years.

Our cushions have a 4 year warranty.

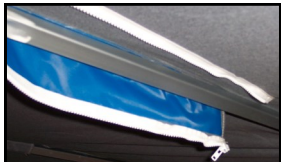

Bimini Top Parts & Replacement Pontoon Fence

Replace your old worn out Pontoon Bimini Top with our OEM Grade Fabric.
Available in Black, Blue, Burgundy, Gray, Green, Navy, Tan, & Teal
OEM Grade 8.8oz solution dyed polyester fabric, with mildew inhibitor.
Includes storage boot at no extra charge. *Fabric has a five year no fade warranty.*

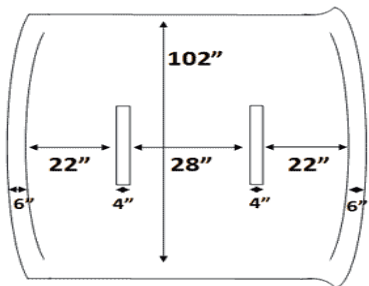

Universal Fit 8'x8' Fabric \$239

8' Universal top will fit most 88" to 92" wide, FOUR bow tops with square tube frames.

Universal fabric ZIPS over bows. There is enough "give" in the sleeves to fit most frames.

Will our fabric fit your frame? Check your measurements above.

Our universal replacement fabric will fit many 4-bow, 8' long x 88"- 92" wide frames. There is no common factor in 4-bow top frames. Each manufacturer has a slightly different frame. Our top attaches to the frame with four zippers. If the fabric doesn't fit perfectly, simply re-adjust the bows by moving the position of the jaw slides.
