---	---

About you:

Name: _____

Name of department: _____

Height: _____ Weight: _____ Right or Left handed? _____

Do you carry your weapon on your right or left side? _____

Measure the gap between the bottom of your ballistic panels and the top of your duty belt. Result in inches: _____

Were your ballistic panels made for you? _____

Take your measurements:

All measurements must be taken while wearing a uniform shirt and duty belt. DO NOT wear body armor, ballistic panels, or vest carrier. Have another person measure you. Write down all your results in inches. Please visit our website at turtletracks.us for detailed information and pictures of the measuring process.

#1 Back: measure from the base of your collar seam to the top of your duty belt:	
#2 Center front: measure from the second button on your uniform shirt to the top of your duty belt:	
#3 Chest: measure under your arms all the way around the widest part of your chest:	
#4 Waist: measure all the way around the widest part of your waist just above your duty belt:	
#5 From the center top of your shoulder, down the front to the top of your duty belt:	
#6 From the top edge of your duty belt in the front, all the way over your shoulder to the top of your duty belt in the back:	

Tracings of your ballistic panels: Trace your panels onto a large piece of paper, such as an old map, the back of a target, or newspaper. Trace the front and back panels on separate sheets of paper. Label the panels with your name and “front” or “back”. **Cut out each tracing.**
