# Technology to support working from home

## CONNECTING YOUR BUSINESS TO YOUR TEAM

NeedPipe has created a OPEX work at home solution that will allow you to setup remote workers in a comfortable work environment with all the tools they need to keep working in these challenging times. This is a complete work at home solution that can provide the following components:

**IT WORK REMOTE SOLUTION**

- **Ergonomic Sit/Stand Desk**
- **Ergonomic Chair**
- **Monitors, Keyboard, and Mouse**
- **Docking Station**
- **Power/Charging Station**
- **Bundled Packaging OPEX with Financing Options**
- **IT Helpdesk/Monitoring**
- **IT Support for Windows 10 and Office 365 or Google**
- **VPN/Secure Network Access**
- **Mobile Device Management**
- **Training for MS Office/Teams and Security**
- **Custom Training Development**

- Computer (Desktop/Laptop) Monitor/s, Mouse, Keyboard
- Two Tier Stand/Sit Desk. with Chair/Chair Pad
- Power Surge Suppressor/Charging Station
- IT Helpdesk Support
- Workstation Monitoring, Anti-Virus Software, Microsoft 365-E3
- VPN Access to Internet and Remote Desktop or Window Virtual Desktop in Azure
- Mobile Device Management

Let us build the right bundle for you and your employees. This solution keeps your workers' remote desktops safe and virus free while allowing them to access their desktops at work or use the Microsoft/Google Environments with products like Google Drive, OneDrive, Teams/Zoom/GoToMeeting, and SharePoint. We, as a managed services provider, are very concerned about your company's data and protection from virus/ransomware.

## Flexible solutions for your business needs

### CONSULTING TO PROVIDE A TOTAL END TO END SOLUTION.

### COMPLETE IT SUPPORT AND SECURITY SOLUTIONS

NeedPipe is focused on providing technology services to small and medium sized businesses using managed service methodologies that have delivered cost saving benefits to SMB and enterprise companies. NeedPipe believes these enterprise level solutions should be foundational to our delivery model for small/mid-market businesses. Originally founded in 2004, NeedPipe provides strategic computer technology support for commercial, nonprofit, and government clients .
