

## WHERE DO YOU GO FROM HERE?

By John Lipinski

What have U got to lose, if you give your life to Jesus, tell me  
What are U gonna say, if He's there on judgment day, tell me  
Why do U think His people, have now become believers, tell me  
Why do U think Beelzebub, keeps tryin' to deceive ya

There has to be a location, I'm countin' on it, brother  
Yeah, heaven is on my mind, and that trip is guaranteed  
An everlasting vacation, having cocktails with ya' mother  
Up on cloud number nine, anytime, U know dat's where I'll be

What do U got to lose, tell me, what is in your future, tell me  
Why U can't believe, that heaven is now the main feature  
Which path U gonna choose, tell me, why the faith don't suit ya, tell me  
What U think is left behind, when St. Peter comes to meet ya

There has to be a location, be countin' on it, my brother  
Cuz, heaven is on my mind, reservation's guaranteed  
To an everlasting vacation, having lunch with your grandmother  
Up on cloud number nine, anytime, U know dat's where I'll be

Where do U go from here? Where U gonna be? [spoken]  
Where do U go from here? Depends on what U believe  
Where do U go from here? U know, Jesus has set you free  
Where do U go from here? He suffered and died fo' me  
Where do U go from here? What do U got to lose?  
Where do U go from here? He paid the price, U see!  
Where do U go from here? Got me a lovely spot in heaven  
Where do U go from here? U know dat's where I'll be

Solo

There has to be a location, I'm countin' on it, brother  
Yeah heaven is on my mind, it's really guaranteed  
An everlasting vacation, having dinner with your mother  
Up on cloud number nine, anytime, U know dat's where I'll be
