

About Us

Hello! My name is Bryant Suess and I am the proud owner of Sound Solution DJ Entertainment. I am delighted that you've taken the time to find out some more about my company.

I started in the DJ business as a kid, going with my dad when he would DJ parties and events. Ever since I was 10, DJing has been a passion of mine. When I was old enough to drive, I started to work for his company, playing hundreds of events over the course of my employment.

When dad decided to stop DJing in 2012, it was only natural that I pick up where he left off. I love music and I love to entertain people, so for me, being able to work for a client is a privilege. I know how hard you work to plan and how special your event is, so I treat each event as though it were my own.

I work with each client ahead of time to make sure that all preparation is done prior to event day, leaving you to enjoy the time with your guests.

I would love to have the privilege of working with you on your next event. Please let me know how I can be of service to you today!

Customer Raves

Sound Solution did a great job providing me with exactly what I wanted. They made huge arrangements when I asked them the night before my wedding to do the sound at the church as well. Anything I wanted they provided better! I had multiple people ask me who our DJ was after the wedding because they did such a great job! I wouldn't recommend anyone else. They are professional, flexible, and always allow more than enough time to make sure things are perfect. I couldn't have asked for a better experience. - Cassie G.

The service is absolutely wonderful! They do a great job of "going with the flow" and they really allow the guest/audience to have a say in a lot of the music selection. I felt like this business went out of their way to make it the best experience possible! I would recommend them to anybody who is in need of a DJ service for any event! - Clayton H.

FAQs

Q: Will you set-up your equipment before our guests arrive?

A: Absolutely! There is NO additional charge for this. This is just another way that we fulfill our commitment to professionalism. In our professional opinion, it looks down right “tacky” having you and your guests watch the set-up process. We will coordinate the set-up time with the banquet facility as required.

Q: How will the DJ be dressed at my event?

A: You decide! The Planning Guide document on our website (soundsolutiondj.com) has a place on it to choose how you prefer your DJ to be dressed. Whatever you choose, you can be assured that it will be tasteful and professional.

Q: How much is the deposit?

A: To reserve your date, we require 50% of the total package cost. A minimum of \$125.00 is required.

Q: When is the balance due?

A: The balance is due two weeks before your contracted event date.

Q: Is the deposit refundable?

A: Unfortunately not, however, if you are able to re-book the date, you will be able to transfer the deposit. (Your rescheduled date must be within 12 months of the original contract date).

Q: How much do you charge for additional time?

A: Overtime is available in half-hour and hour increments. For each additional hour over the contracted time, a \$125 fee is assessed (\$65 for a half hour).

Q: Do you take requests?

A: Yes, and we play them! One of the most frequent complaints of other DJ companies is not playing the requests of you and your guests. We have thousands of songs at each event. Your special requests are important to us, which is why we discuss them with you in advance.
