

ST: 2x2 Therma-Fuser™ VAV Diffusers

Stand Alone Square Therma-Fuser™ diffusers provide individual temperature control to precisely match the comfort requirements of each space. Each Therma-Fuser diffuser is its own VAV zone. The thermostats, actuator and damper are built into the diffuser.

With superior air distribution, these diffusers offer longer throws, no dumping, and more entrainment, even temperature distribution, higher ADPI and better ventilation effectiveness.

TECHNOLOGICALLY ADVANCED COMFORT

Experience the benefits of high tech, high quality Acutherm products

- Lowest cost per zone of control
- Lowest energy VAV terminal-a green VAV
- Low to no maintenance
- No electrical connection required
- Easily adapts to office changes
