

TRAINING DAY 03

TX WING WINTER ENCAMPMENT 2019

On January 1, 2020, cadets attended a variety of classes and group leadership projects (GLPs). Among the most popular were the egg drop and the Cadet Olympics. That morning, every flight was given a set of supplies and asked to work together to make something that would keep an egg safe during a long fall to the ground. The egg carriers, once finished, were carried up to the top of a tall structure that was a part of the obstacle course and dropped by Lt. Jared Brown and C/Lt. Col. Logan O'Brien. Every flight's egg made it safely to the ground to be inspected by C/Lt. Col. Alyssa Kohler. Much to their relief, she found them in good condition. Later that evening, the Cadet Olympics took place. Flights competed against one another to win the Ultimate Frisbee tournament. There were many smiles as the cadets headed back to the barracks to prepare for the next day's exciting activities on JBSA-Lackland AFB.
