Vol 4: Issue 5 May 2021

RecoveryWerks!

Changing the world through recovery one **under**served community at a time

Our Mission:

RecoveryWerks! provides proven recovery support services in a safe and nurturing environment for teens and families in rural communities affected by substance use. We educate, partner with local agencies, and advocate for strong community support systems to reduce the stigma of addiction and increase recovery success.

Our Beliefs:

Recovery works when there is a belief in a Higher Power.

Recovery works when physical, mental and spiritual issues are addressed as a whole.

Recovery works when clients are empowered to break the cycle of addiction and dependency through the 12 steps.

Recovery works in fellowship when clients feel safe and have access to education, counseling, sponsorship, and support groups.

A donation to RecoveryWerks!
has a huge impact towards
bringing recovery to teens and
families in our community.

Mental Health Awareness Month

YOU ARE NOT ALONE

Now more than ever, we need to find ways to stay connected with our community. No one should feel alone or without the information, support and help they need.

During May, RecoveryWerks! joins the national movement to raise awareness about mental health and substance use disorder (SUD) and wholeheartedly supports the theme "You Are Not Alone".

At RecoveryWerks!, you are never alone! Every day we are providing recovery support to teens and families affected by SUD, fighting the stigma of addiction, educating families and community partners, and advocating for strong community support systems that will increase recovery success.

Our support group meetings are broken out by age group and are available for teens and young adults who are seeking sobriety as well as for family members ages 9 and above. Meetings may be accessed in-person or through Zoom. Visit our website at www.recoverywerks.org or call (830) 310-2456 for more information.
