Additional Services Available:

All of these services can be added to any pool opening!

1st Vac Service:

HIGHLY RECOMMENDED FOR MESH COVER POOLS!

A lot of unwanted dirt, bacteria and water gets through a mesh cover during the winter months and this can wreak havoc on water chemistry, often times turning pool water cloudy and green! This can be a nightmare for a busy homeowner.

Why not leave it to the professionals! 2-3 days after your pool has been opened, treated with proper start-up chemicals and the water has cleared up, we will return to your pool and give it full service treatment. This will include a vacuum, water test with chemical balancing(chemicals additional) and on-site filter cleaning. The fee is **\$195** up to 1 hr, anything over an hour will be billed to the quarter hr.

Sand Change: WE NOW USE ZEOSAND!

The sand in your sand filter should be changed every 2-4 years on residential pools, and every 1-2 years on commercial pools. The fee is **\$125.00** /hr plus sand and tax. We now use Zeosand, ZeoSand is a 100% natural zeolite and a highly efficient filter media that is proven for use as a sand replacement in recreational water, drinking water, and industrial applications. ZeoSand's huge surface area, which is more than 100 times greater than sand, traps more and finer dirt than regular sand. Zeosand is **\$31.44**(tax included) per 25lb bag. This service will not be done at opening but can be scheduled prior to or after pool opening.

Pressure Wash Pool Deck:

We will pressure wash the 3' perimeter pool deck around your pool. By having us do this you will get rid of the dirt/mold build up on your concrete. This will also remove the cover line that is left behind every spring. The fee for this is **\$190.00**(up to 2 hrs.) Additional concrete/time can be added for \$65 per hr.

Pool Magic+Phosfree treatment:

Pool Magic+Phosfree is an enzyme that helps to break down organic materials, remove black water lines that forms where your water level normally is located. Pool Magic+Phosfree is **\$28.75**
