

COVID-19 “At-Risk” Camp Participant Statement

Your safety and the safety of all our members, volunteers, and employees is the Sam Houston Area Council’s top priority. While there is still much uncertainty regarding COVID-19, we are monitoring the information provided by health experts and government agencies to help keep safe those who choose to come to camp this winter.

Our mitigation plan includes:

- Pre-attendance education.
- Health screening conducted by your family prior to travel to our camp, including a temperature check.
- Health screening upon your arrival at camp conducted by our camp health officers, which will also include a temperature check.
- Anyone displaying symptoms of COVID-19 will be not be allowed to stay at camp. They will be sent home.
- Visitors are limited to dropping off and picking up Scouts.
- Scouts who begin to display symptoms of COVID-19 during the day will be separated from the rest of the class and taken to the health lodge for further evaluation. The unit leader will be notified and must come to the health lodge.
- Hygiene reminders while at camp.
- Handwashing /sanitizer stations throughout camp.
- Cleaning and disinfecting high-touch surfaces and shared program equipment.
- Wearing of masks as instructed

These precautions are important, but these efforts cannot eliminate the potential for exposure to COVID-19 or any other illness while at camp. Experts have said that people with COVID-19 may show no signs or symptoms of illness, but can still spread the virus, and people may be contagious before their symptoms occur. The fact is, that someone with COVID-19 may pass the required health screenings and be allowed into camp.

We also know the very nature of camp makes social distancing difficult in many situations and impossible in others.

Information from the Centers for Disease Control and Prevention (CDC) states that older adults and people of any age who have serious underlying medical conditions are at higher risk for severe illness from COVID-19. **If you are in this group, please ensure you have approval from your health care provider prior to attending camp.**

Every staff member, volunteer, and Scouting family has to evaluate their unique circumstances and make an informed decision before attending camp. We hope this information will be helpful as you make that choice.
