

# STAR OF DAVID COSMIC CONFIGURATION

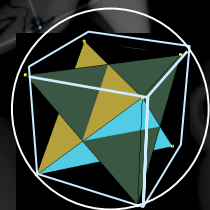

## ALIGNMENTS, SYMMETRY AND KEY PATTERNS

The purpose of this chart is to depict the Star of David Configuration of certain Celestial Coordinates that define the Known Universe. The Imagery is from a Top View of the Universe and having the Ecliptic become a Circle, where the Planets traverse their Courses, etc. Based on this Construct and Contortion of Space and Time the 4 Cardinal Points are configured by the following Stars: Regulus in Leo, Arcturus in Perseus, Diphda in Cetus and Eridanus. The 2 other Stars that complete the Triangulation are Altair in Cygnus and Sirius in Canis Major. The following are some Observations. Within this Star of David Celestial Construct, there is another Star of David with the Star of David. This pertains to the Sign of Auriga, the Shepherd. Its Motif is comprised of 6 Stars that one can configure a Star of David within the Outline. The Theme of the Star of David is one in which is speaks of the King of the Universe, Jesus, the Lion-King and Royalty. Furthermore, this Star of David or a Hexagram is how the Earth's Latitude is Delineated at, 23.5 Degrees. Then when a Hexagram is 3-Dimensionalized, it becomes a Tetrahedron or a Perfect Cube. This is how the Holy of Holies, the New Jerusalem and perhaps Heaven itself is laid-out as.

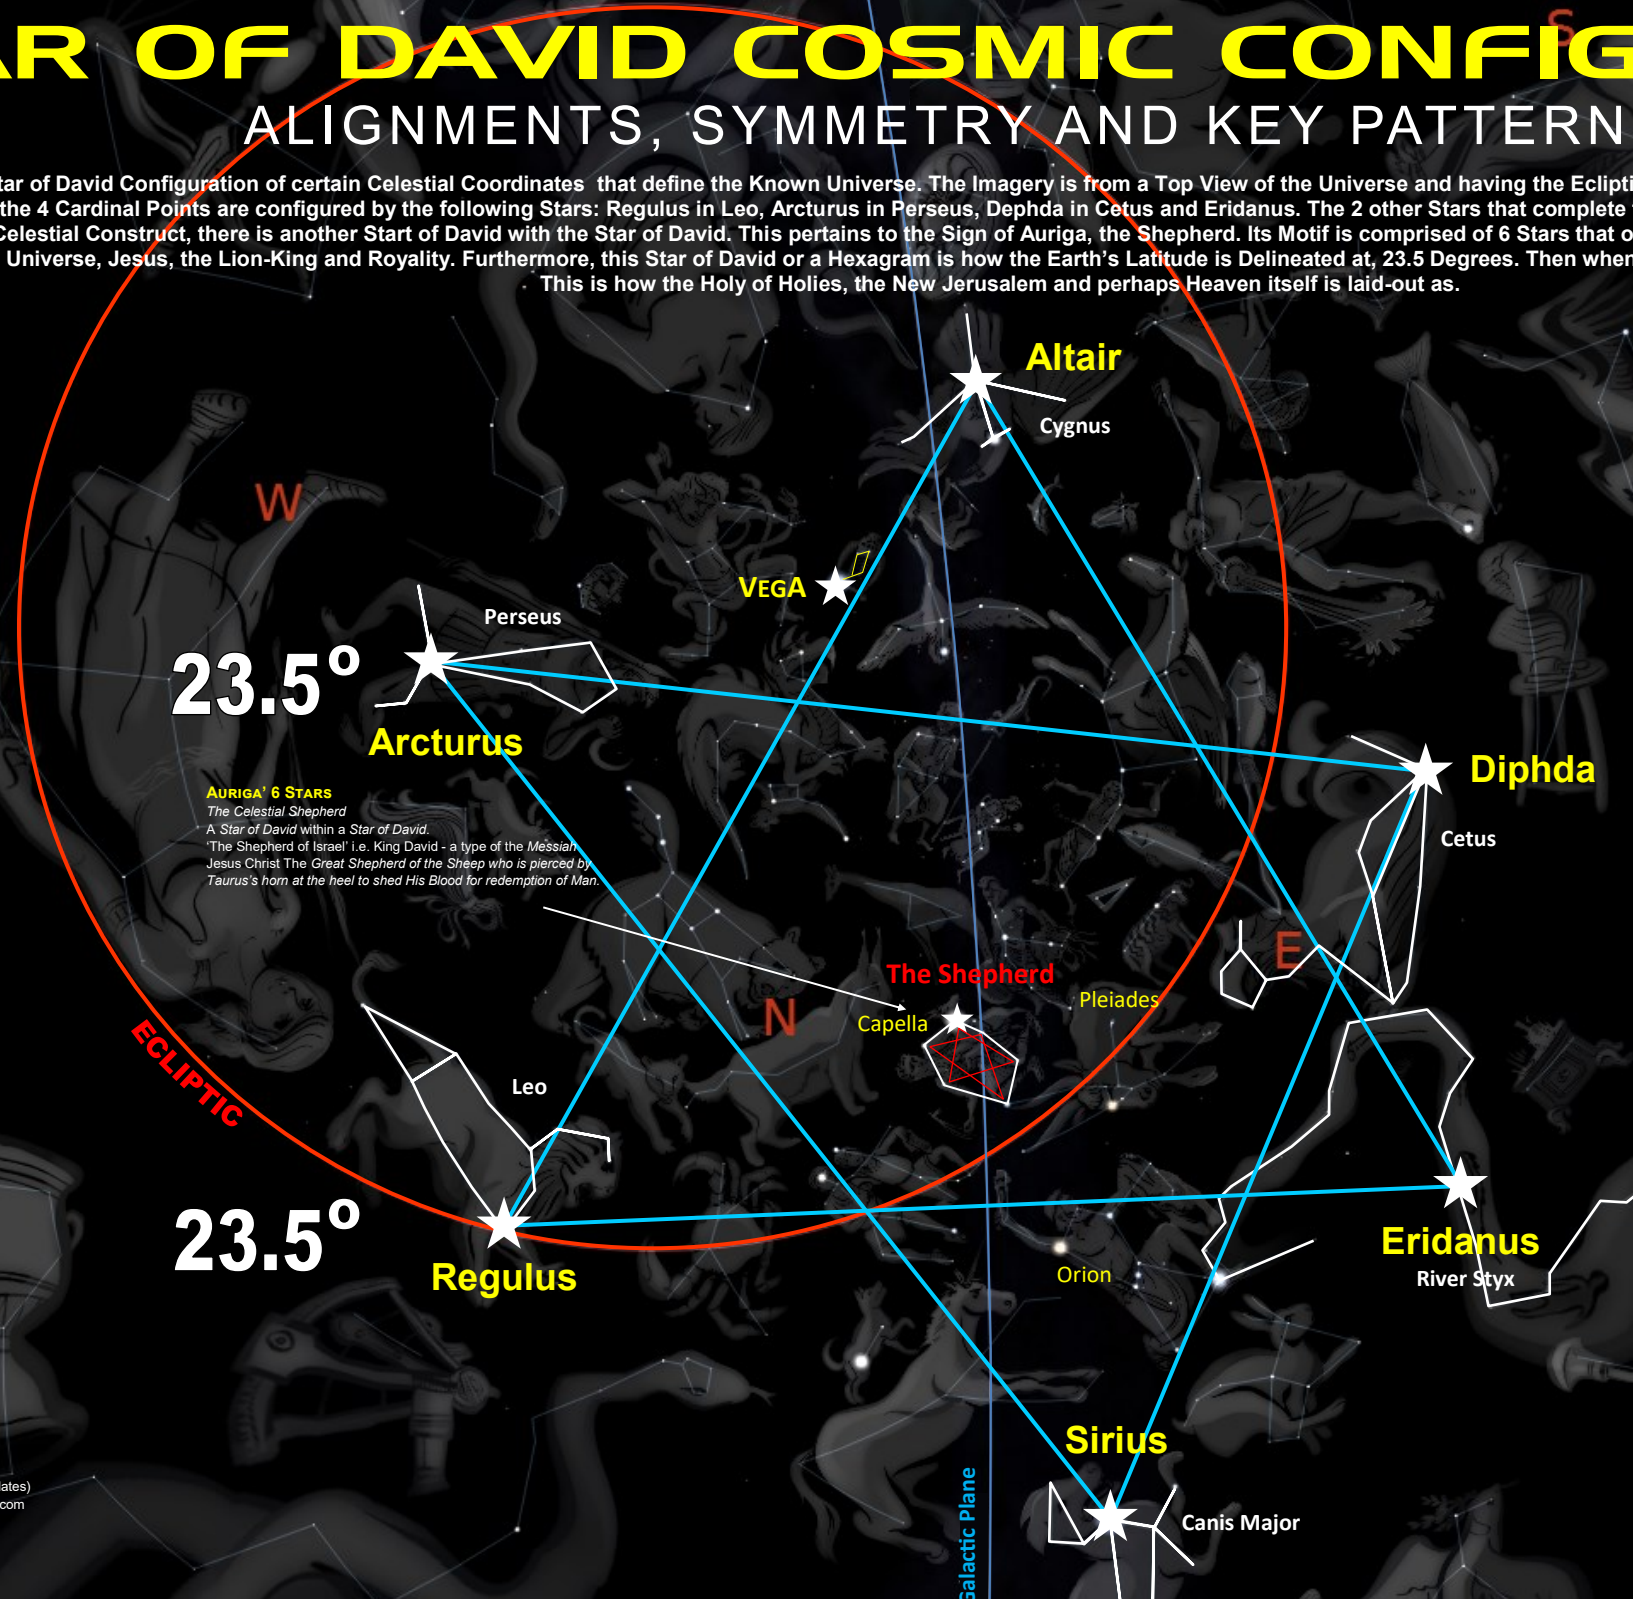

Earth

A Star Tetrahedron incorporates a 'Square within a Square' as well. This would allow for the very Holy of Holies which is a Perfect Square to serve as the Throne of YHWH. The Throne Room of the LORD is always a Perfect Cube, as with the Tabernacle of Moses, the Temples and the New Jerusalem.

### NEW JERUSALEM - A STAR TETRAHEDRON?

In the Book of Revelation 21, the 'City of God', the New Jerusalem, the very Throne Room of the LORD literally will super-transpose itself onto the Earth. Based on the given Measurements that are described in Ezekiel, many speculate that the New Jerusalem will be a 'Cube' or a 'Pyramid' in shape. What if it is actually both at the same Time. Basically it would be 2 intertwined 3-Dimensional Pyramids within a Square.
