The SEE THE FUTURE Fund is pleased to award scholarships to qualified visually impaired and blind students who are Colorado residents. This scholarship fund is made possible through generous donations by ophthalmologists, optometrists, opticians, staff, corporations, educators, foundations and many others with an interest in the lives of the visually impaired and blind. All scholarships are awarded based on individual need.

AMOUNT:

Scholarships will be awarded in the form of adaptive technology which is medically necessary due to a student's visual impairment or blindness. Entitlement vs. Need:

All families will be required to pay at least a portion of the purchase price.
