8 NOT bad snacks

Bitsy's BrainFood Sweet Potato Oatmeal Raisin Smart Cookies: Bite-sized alphabet shapes with vegetables and Omega-3 taste like gingerbread.

Plum Kids Organic Fruit & Veggie Shredz – Super Apple: Great for picky eaters, gummy organic candies of apples, carrots, pumpkin and kale.

Sprout Rise Berry Acai Morning Smoothie: Spill-proof pouches, organic nonfat Greek yogurt, organic rolled oats. organic butternut squash.

GoodPop Non-Dairy Frozen Pops: Organic ingredients taste like fresh fruit. Hibiscus Mint, Watermelon Agave. Gluten and dairy-free.

GoGo Squeez Fruit & Veggiez: Applesauce pouch 100% natural fruit on-the-go snack anytime, anywhere.

Barbecue Sweet Potato Kettle Cooked Chips: Molasses and tomatoes with natural spices, a smokey bite with savory sweetness.

Van's PB&J Sandwich Bars: Even kids who don't follow a gluten-free diet like these. Taste like a peanut butter-and-jelly sandwich.

Three Farmers Pea Pops: Whole family will love the flavorful crunch of teeny Pea Pops in Dill Pickle Pow and Wild Ranch. Scrumptious as salad toppers and sprinkled on pasta.

Nataliya with her daughters Edith and Gloria

Star Wars Droid Inventor Kit

Build and customize your own R2 unit.

LUXE TOYS

Dot – The Code-Teaching Robot

Building, learning, code-teaching.

Littlebits inspires kids to create with electronic kits that can be configured into gadgets. This Star Wars is a match made in heaven. Control it via a slick app on your iPhone or Android; plug in the components from other Littlebits sets to expand R2's functionality. The droid you've always wanted. Amazon.com

A programmable robot as kids learn to code lights, sounds, sensors making Dot come to life. An Apple or Android smartphone is all that's needed to access free apps; Dot comes assembled, charges via USB, no batteries required. Brought to you by the creative and fun world of Wonder Workshop. thegadgetflow.com/portfolio/dot-the-code-teaching-robot-by-wonder-workshop/
