KOSPIA FARMS - DIGGING DIRT SINCE 1969!

Beginning in 1969 with 'Big John' Kospia selling trees from the back of his pickup, Barry and Maureen continue his legacy with unique products, superior quality, passion and care. The farm encompasses this and so much more. We are a family...our staff, customers and the local businesses that surround us in our community. We will greet you, offer assistance or just a kind ear, and hopefully make you smile. Thank you for sharing your time with us!
