

# THE CENTRAL BLOOD MOON TRIAD

The purpose of this illustration is to show the celestial configuration for the Central Blood Moon on July 27, 2018. This particular Blood Moon is called a Bull's Eye eclipse because the moon passes nearly through the center of the Earth's shadow parameters. A timeline will show the Triad or the 3 Blood Moon eclipses for the year 2018 along with the solar eclipses. The major Feasts of YHWH will be noted on the timeline for possible prophetic context. What is interesting is that in the whole time span of 2018, there are no total solar eclipses. Moreover there will be precisely 4 partial solar eclipses. These are synchronized to the Blood Moons and symmetrical after the 1st Blood Moon to start on January 31, 2018 and the last one just before the end of the 3rd Blood Moon on January 20, 2019. The Central Blood Moon is flanked by 2 of the partial solar eclipses, one before and one after less than a month from the Blood Moon. What is unique about this eclipse is that it is an end to the 'bookmark' to the June 15, 2011 Bull's Eye Blood Moon. The span since then has been just over 7 years. Is this timeframe signaling the possible duration of the coming Tribulation period? Many that have observed this unique Blood Moon eclipse realize that it is the 2nd and center eclipse of 3 Blood Moon eclipses in 2018, thus a Triad. This Triad is the next major celestial configuration aside from the 2014-15 Tetrad that concluded in September 28, 2015. If there is any Biblical prophetic nuance to be revealed, that is to be still determined. Others are focusing on the Revelation Virgo sign that occurs in September of 2017.

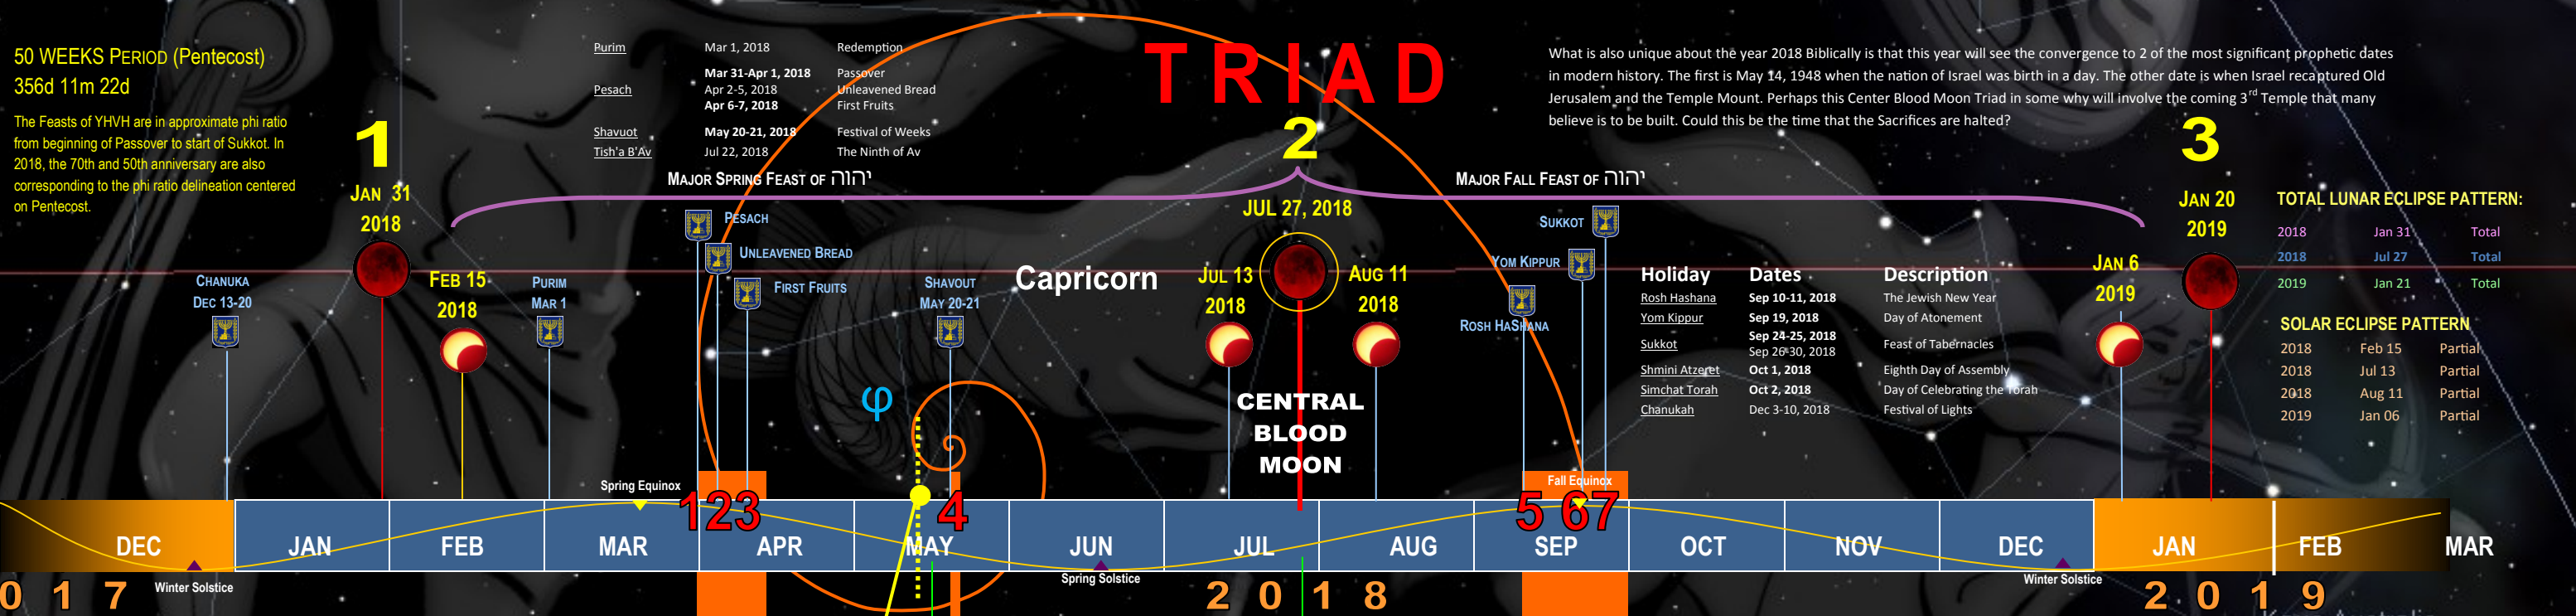

**50 WEEKS PERIOD (Pentecost)**  
356d 11m 22d

The Feasts of YHWH are in approximate phi ratio from beginning of Passover to start of Sukkot. In 2018, the 70th and 50th anniversary are also corresponding to the phi ratio delineation centered on Pentecost.

**Purim** Mar 1, 2018 Redemption  
**Pesach** Mar 31-Apr 1, 2018 Passover  
Apr 2-5, 2018 Unleavened Bread  
Apr 6-7, 2018 First Fruits  
**Shavuot** May 20-21, 2018 Festival of Weeks  
**Tish'a B'Av** Jul 22, 2018 The Ninth of Av

## TRIAD

What is also unique about the year 2018 Biblically is that this year will see the convergence to 2 of the most significant prophetic dates in modern history. The first is May 14, 1948 when the nation of Israel was birth in a day. The other date is when Israel recaptured Old Jerusalem and the Temple Mount. Perhaps this Center Blood Moon Triad in some way will involve the coming 3rd Temple that many believe is to be built. Could this be the time that the Sacrifices are halted?

### TOTAL LUNAR ECLIPSE PATTERN:

Year	Date	Type
2018	Jan 31	Total
2018	Jul 27	Total
2019	Jan 21	Total

### SOLAR ECLIPSE PATTERN:

Year	Date	Type
2018	Feb 15	Partial
2018	Jul 13	Partial
2018	Aug 11	Partial
2019	Jan 06	Partial

**490 DAYS**  
From last Blood Moon of Tetrad  
Sep 28, 2015 to start of TRIAD  
= 2 years 4m 3d (243)

Jan 31, 2018 to May 14, 2018 = 103 d or 3m 14 days (as in 3.14 pi coefficient)  
Jan 31, 2018 to Jul 7, 2018 = 128 days or 4m 8d as in 18 weeks (6-6-6 pattern)  
Jan 31, 2018 to Jul 27, 2018 = **178** day or 5m 28d

May 14, 2018 to Central Blood Moon  
= 74 days or 2m 13d or 1776 hours

Jul 7, 2018 to Jul 27, 2018 Central Blood Moon  
= 50 days or 1m 20d as in 120 Disciples at Pentecost and 4 months till harvest  
This is also 7 weeks, 1200 hours

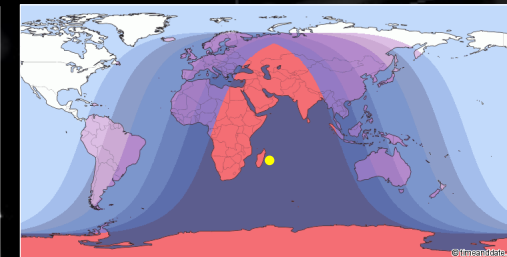

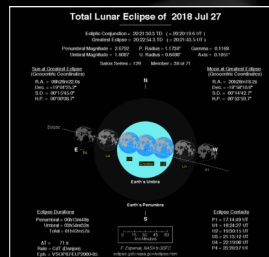

Jul 27, 2018 to Jan 20, 2019 = **178** days

Jan 31, 2018 to Jan 20, 2019 = 354 day or 11m 20d (50 weeks as in Pentecost - Jubilee)

If one subtracts 1260 days or 42 months of 30 day each, the date results in February 14, 2015. This is Valentine's Day and obviously the Tribulation did not start then. What is significant is that 2018 will see the limit of the Fig Tree prophecy either come to fruition or not. This theory is predicated on the notion that the 'birth' of Israel in 1948 was and is indeed the prophetic fulfillment of Israel coming back to live as the Fig tree. If this is the case, then a generation of 70 years would mark 2018 as the completion of such a countdown if 70 years is used. There are others that stipulate that a generation can be 80, 90 or 100 and it depends on the context of the prophecy.

**70TH YEAR ANNIVERSARY**  
May 14, 1948  
**NATION**

70 AD Temple destroyed  
70 Years in Babylon  
70th Anniversary in 2018 TRIAD

What is also unique about the Bull's Eye Central Blood Moon is that it will occur in the constellation of Capricorn near the throat area. As many celestial researchers attest to, a Blood Moon is a bad omen for Israel. If this is the case, then this time could see a profound beginning of a 'slaughter' as the Blood Moon near the throat of Capricorn, the Goat would see as its throat being slit and bleeding out like a slaughter of a sacrifice upon an altar. Could this time thus correlate to the time the AntiChrist that may very well be on the scene at that time issue to have the Temple sacrifices halted and begin the wholesale slaughter of the Jews and Christian's that come to commitment to Jesus after the Rapture?
