

WHY THE 7-YEAR TRIBULATION PERIOD WILL START IN 2025

BASED ON THE ESSENE CALENDAR

Calculations + '723' Confirmation of a 32 AD Crucifixion Year

by Luis B. Vega

www.PostScripts.org

The purpose of this Post is to revisit the Calculations of the Ancient Essenes that lived during the Time of John the Baptist and Jesus' Earthly Ministry. Why one is highlighting their Calculations is that based on their Calendar, which was a 364 Day Cycle, they surmised the Year of Messiah's Crucifixion Year and when the Last Sabbath of Years would begin. This Study of the Essenes help lead on to surmise the Timing of the New Understanding of the Pentecost New Wine Event that is Acts 2, not the Shavuot that the Jews Celebrate, etc.

Thus, according to the Essenes, the Crucifixion Year was 32 AD and the Start of the Last Week of Year, i.e., Daniel's 70th Week of Years will begin in the Year 2025. It was on the occasion of the 5 Doves Posting of the Week of August 29, 2023 that a Brother in Christ Names, Jon A. alerted one to the Post that Week about the Essene Calendar and their Prophetic Calculations that one 100% Resonates with, at least at this Point in Time of one's 'Learning Curve'.

So, one is sharing that Email received, about how a Brother, Alan C. basically summarized what the Essenes believed. In one's Prophetic Assessment, one would say with a solid Measure of Confidence that the Essene Calculation that the Messiah was to have come in 32 AD, and that the Last Shemitah or Sabbath Cycle of 7 Years, i.e., Daniel's 70th Week is to start in the Year 2025, are 2 Witnesses needed to 'Establish a Matter' as the Bible states. Perhaps.

Those 2 Amazing Assertions, largely brought-out through the Work and Research of Dr. Ken Johnson, although Amazing in themselves, as they, do not nor can 100% Confirm or Validate one's Tribulation Timeline of 2025-2032. It is nonetheless, based on the 32 AD Crucifixion Year one argues, and to strongly suggest that the Rapture Year will then be in 2024.

This Prophetic Pronunciation is also based on the 7-Year Revelation 12 Sign, the Prophetess Anna 84 Year Countdown since 1948 and other Converging Timelines, one has presented over the Years. In Researching the Essene Calendar, one wishes to focus-on or share what was brought-out as a Direct Result of the Email that was sent regarding the Post about the Essene Calendar. The Implication has to do with what has been a Recurring Mathematical or Number Factor or Coefficient since 2023.

What is 'Up' with 723?

It is the Number 723. One is to explain its possible Prophetic Implications. As a Foundation, here is what the Email stated to me by Brother Jon A and one's Reply.

32 AD as mentioned by the Essenes

<https://www.fivedoves.com/letters/aug2023/alanc827.htm>

Your **32 AD** writings make sense.

There is one thing I haven't sorted out is the Talmud writings referring to 40 years before the temple destruction when strange things started in the temple (doors opening, etc.)(I touched on that in prior email months ago). 70-40 = 30 AD. I don't know if it said 40 or "about 40" as a round number.

One saw that Post. It was like a breath of Fresh Air, as they say. Slowly, it will be getting more Traction as we go into 2024. One realizes a lot of Watchers are holding-on to what remains of 2023, especially in September. A Summer 2024 is not popular to suggest the Rapture Year based on the Revelation 12 Sign of 7 Years. And what the Essenes have Calculated has not really caught on, yet. But we have been largely ignored so far.

One hears you about that Talmud implication of how 30 AD is when all the Miracles surrounding the Temple started to cease, so they say. Well, in the 1st Place, one considers the Talmud very Anti-Christ and Anti-Christian. Any opportunity to refute Jesus' Witness, Work and Ministry is taken by the Sanhedrin and the Elders of Zion, etc. One would say that 30 AD is rather the Mid-Point of Jesus' 3.5 Year or 1260 Day Witness. Consider the following Calculus.

If, as one surmises, Jesus started His Ministry with the Jubilee Proclamation on October 31/November 1, 28 AD, and April 14, 32 AD was indeed the Year of the Crucifixion, exactly 1260 Days later, then here is the following. Half of 1260 Days is 630 Days. If one then adds this Numerical Factor to Jesus' Start of His Ministry on that Yom Kippur Day, then the following is very interesting.

**October 31/November 1, 28 AD + 630 Days (Half of 1260 Days' Time)
= July 23, 30 AD**

One is getting ready to publish a New Book about one's Journey in addressing the New Understandings of how the Acts 2 Pentecost is a Double Count. And that Day Count corresponds to the 2nd Feast of First Fruits of the Wine, etc. One will have 4 chapters, 1 each about the Calendars considered for this New Understanding of how to determine when the Feast of New Wine is. It so happens that 1 of the Calendars puts the Feast of New Wine on a July 23rd Date. But the Calendars one examines are the Enochian, Equinox, Solar, and the Essenes one.

Vision of a Date

They are basically the same but some differ in their Start Date, even among these options. But if you have been Tracking all of one's Work and Research, since 2020, one had this 'Vision' or Dream/Insight of a '723' flash 2x across a Canvas. It occurred during the Summer on 1 Day. One was curious about it but made nothing of it beyond that. Then it happened again the following Night. At that point one did not want to be like the Child, Samuel whom YHVH called a 3rd Time.

One surmises, at this Point of one's Understanding, that it is most likely inferring to a Date. It can be in reference to a July 23 (723) or a September 23, 723 Date, as September in the original Latin Calendar Order was the 7th Month. And then it can also be inferred to the 7th Month in the Hebrew Calendar of Tishrei 23 (723), etc.

So, it seems there is a Good Chance something Prophetically 'Big' will occur on that Date of some Year, perhaps. The Rapture? Could be. Time will Tell as one says. Here is the '723' Account one had for all those that might be new to the Site or 'What is he talking about?' Even back then, one tied it to the Possibility of it being the Day of the Pentecost New Wine.

CRUCIFIXION

Circumstantial Evidence why it was in 32 AD

When was Jesus Crucified? Was it in 30 AD? 31 AD, or 33 AD? This has been 1 of the most Profound Questions, that has been Debated since the Church Age started with Jesus' Death. Can the Year and the Week Day be Determined? Is there any Evidence to suggest a More Accurate Year and Week Day? The Research one is providing in this Book, is one's Best Attempt in Showing why one is More Convinced of a 32 AD Crucifixion Year. One is not attempting to 'Convince' anyone, or to 'Prove' the Year, as that is beyond one's Ability. However, to Ascertain if 32 AD was the Year, one has used a Triangulation Approach to search this out.
