## Foil Printers

SFP-45

SFP-330

SFP-350

Shark Finishing Machinery proudly presents its advanced line of digital sheet hot foil printers: the SFP-45, SFP-330, and SFP-350. Designed with cutting-edge digital printing technology, these machines eliminate the need for plate making—simply create your artwork on a computer and produce hot stamping projects quickly and efficiently. Fully compatible with leading design software such as Photoshop, CoreIDRAW, and Adobe Illustrator, each printer features a reliable USB interface for stable performance. Design and output with ease from your preferred platform without operating system limitations. Built for versatility, these machines print on a wide range of materials, allowing you to manage multiple applications with a single device. Create distinctive designs tailored to your brand, incorporating unique patterns, colors, and product details to elevate your finished products.

Ideal for applications including tickets, business cards, tags, invitations, party favor boxes, garment labels, brand tags, stickers, laundry care labels, certificates, paper or plastic bags, notebooks, covers, leather goods, book covers, coated paper, wine boxes, gift boxes, packaging, handbags, and more.

Whether producing limited editions, special collections, or promotional materials, Shark Finishing Machinery's hot foil printers help your products stand out with a refined, professional finish.
