DESCRIPTION: This bow currently sells for \$150 new. When I tested this bow, I was pleasantly surprised at how accurate and smooth a shooter it is. It is a great performing takedown for a modest price. Comfortable grip. Factory tapped for a plunger, and has a factory installed bushing for a stabilizer. Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No drilled holes; No chips, dings or cracks. No stress lines or crazing. A few minor scratches and nicks here and there. Decal is in very good shape. Overall, this is a really nice bow in excellent condition. This bow was put to a stress test (held at full draw for 16 hours to make sure the glues still held and no stress cracks developed. Then taken to the range and test shot. Comes with a used string that is still in good shape.
