

Employee Recognition

THE REQUEST:

Provide a fun evening for employees to celebrate a major accomplishment

ATTENDEES:

75 team members of an international energy and technology company who had successfully completed a big project

THE EVENT:

A festive buffet dinner followed by a 1-hour original sketch & musical comedy show in a unique and intimate theater

WHAT WE DID:

We acquired a lot of “inside information” from the team leader and incorporated aspects of the company, the VIP’s, and the project they had been working on into the show.

“You provided a very enjoyable evening of excellent entertainment. I would like to congratulate you on the quality of the comedy. I was very impressed with the way you brought our industry into the show and also with the audience participation.”

RESULTS:

The guests had a wonderful evening full of good food, lots of laughter and camaraderie. They all felt very appreciated for their contributions to the company.
