

Heart to Heart

Heart to heart; arm in arm.
We will meet the world.
Face to face; side by side.
As we go through day by day,
And the world goes on and on and on and on.

One by one' one on one.
We will beat the world
From time to time; now and then.
As we carry on, hand in hand
With the rhythm of love beating over and over again.

Eye to eye; man to man.
We'll fight it out blow by blow.
As we go from town to town,
And the world spins round and round and round and round.

Yes, I'm being funny,
But my love is real.
You know how your tongue gets twisted
When you try to reveal,
How you feel...
Really feel.

So, I'm say to you that...
