

From The Desk of President Dori

It is with great sadness that I inform you, the members of CFWC that we are canceling the 2020 CFWC Convention. We are thinking of your Health. The CFWC Executive Committee voted 100% for your safety.

If you have sent money from a program ad, food or other items it will be returned but please give us sometime to get the checks back to you. Your money will be returned to you, have no doubt. If you have made room reservations, please contact the hotel and cancel those reservation. There will be **NO** art show and award certificates will be sent after the old convention date has passed. We will have the normal awards booklet available, kept watch for that information.

We will be voting by mail for Officers along with the members of Bylaws and Resolutions committees. The precedent was set in 1945 when they voted by mail because of the war. We have guidelines set up for a fair election. We will count on each delegate voting fairly and quickly. The ballots will be sent out on May 5th and must be return on or before May 16th. Please follow the direction careful so that your vote counts. Remember we are doing our best to get through this emergency just like you are. We send our love to all.
