The National Social Justice Committee

- MISSION STATEMENT -

The Mission of the National Social Justice Committee is to enhance the collective efforts of the Knights of Peter Claver and Ladies Auxiliary through its local Councils/Courts towards improving public policies impacting the social and economic environment of our Nation and Church. This national initiative is composed of five areas of focus including Black Lives Matters, Criminal Justice Reform, Domestic Violence, Human Trafficking and Racism. Each of these five pillars of the Knights of Peter Claver, Inc.’s Social Justice Initiative has independent subcommittees operating under one collective Social Justice umbrella. The goal and objectives of these committees are to have a global and collective impact on social justice issues by supporting, educating and raising the awareness of our membership on these issues.

CRIMINAL JUSTICE REFORM

- SUMMARY OF THE ISSUE -

- Incarceration has increased more than 500% in the last 40 years; currently there are 2.2 million people in prison or jail in the United States. The rate of incarceration is 6,412 per 100,000 black males in the 30–34-year-old age group; a stunning 1 in 16 are imprisoned on any given day.

- Half of the people in federal prison are serving time for drug offenses. This is a direct result of mandatory minimum sentencing policies.

- Tens of millions have some type of criminal record, which can present obstacles to employment, housing, public assistance, education, and family reunification. 6.1 million Americans cannot vote because of felony convictions.

- There are 2,632 people currently on death row in the United States. Of that number, 41.53% or 1130 are African American. The top five Jurisdictions with the most death row inmates are California, Florida, Texas, Alabama and Pennsylvania.

Data sources: Death Row Information Center and the Sentencing Project

- GOALS/OBJECTIVES -

Legislative Issues: Many communities throughout the country are considering issues, laws and regulations of reform in the criminal justice system.

Death Penalty: Every major city has a program dedicated to handling death penalty issues.

- ACTION STRATEGIES -

The non-profit organization, The Sentencing Project, monitors legislative issues affecting the criminal justice system in every state. Check out their website to determine how you can help with spreading the word and networking with others about areas of reform in the criminal justice system in your respective area.
Healing Communities USA, Inc. offers a faith based approach to assisting the individual and his/her family through the process. Check out their website to determine whether your church community would be interested in this approach to providing assistance and reform.

The Innocence Project has been involved in various reform efforts and legislative initiatives to have the death penalty reformed, providing assistance to those wrongfully accused or working to abolish the penalty. Check your local community for this agency if you are interested in assisting those on death row, in death penalty reform or eradication of the death penalty.

RACISM

- SUMMARY OF THE ISSUE -

Racism is a serious problem in the United States and globally. The Catholic Church has been affected by limited mind-sets and racial division. As followers of Jesus, we are called to love one another. However, we have been blindsided by our history and cultural dominance.

Today, there are still those of the mindset that the issue of racial injustice is social rather than moral. In the dialogue on racism, the Church is moving in a slow advance. However, the Knights of Peter Claver and Ladies Auxiliary have been inspired by the recent Pastoral Letter on Racism to move forward on this issue of racism with a new sense of urgency. Councils and Courts must address racism in ways that will move people to become more active in the dialogue an eradication of racism.

- ACTION STRATEGIES -

Racism in America Awareness Day: September 9, 2019  
(St. Peter Claver Day)

Let’s Begin the Discussion! Councils and Courts are asked to organize an activity to start the conversation regarding Racism in America.

- The USCCB is asking all of their bishops to strongly encourage priests in their dioceses to focus their homilies on September 9 on racism and the works of St. Peter Claver as he cared for the slaves.

- On September 9, 2019, the USCCB will celebrate a Mass to honor St. Peter Claver. The homily will focus on racism and the works of St. Peter Claver. The Mass will be at the Basilica of the National Shrine of the Immaculate Conception in Washington, DC at 5:15pm. Our Claver brothers and sisters in the DC area are being asked to attend and serve as lectors and ushers. We are also encouraging Clavers who can travel to DC to attend this Mass. There will be a reception after the Mass.

- The Racism Committee should convene a meeting when national issues of racism are detected to determine if the issue should be brought to the attention of the Supreme Knight to make a statement to be published nationally.
• Organize an event to discuss Racism with members of the majority race during November--Black Catholic History Month
• Organize events during the Month of February--Black History Month--to discuss Racism

Historically people of the African Diaspora and specifically African Americans in America have been systematically marginalized, abused and persecuted in this country. All aspects of American culture and US governmental, public, private, law enforcement and judicial policies are informed by the bias that suggest Black Lives are somehow less than others. The result is unequal educational, occupational, housing, cultural and economic opportunity. One of the most alarming issues of this socialized narrative is the continued unprosecuted murder of African Americans by law enforcement officers.

In 2013, three radical Black organizers—Alicia Garza, Patrisse Cullors, and Opal Tometi—created a Black-centered political will and movement building project called #BlackLivesMatter. It was in response to the acquittal of Trayvon Martin’s murderer, George Zimmerman. Black Lives Matter is an ideological and political intervention in a world where Black lives are systematically and intentionally targeted for demise. It is an affirmation of Black folks’ humanity, our contributions to this society, and our resilience in the face of deadly oppression. Black Lives Matter is an international activist movement, originating in the African-American community, that campaigns against violence and systemic racism towards black people. – www.BlackLivesMatters.com

- GOALS AND OBJECTIVES -

• Provide educational information on the Black Lives Matter Movement
• Engage Church leadership about Black Catholic Community perspectives and concerns
• Provide ongoing updates on national legal, civic, political and advocacy developments
• Disseminate resources to provide advocacy programming
• Coordinate international and national KPC Black Lives Matters efforts
• Provide resources for units and parishes without Black Lives Matters Chapters
The Black Lives Matter Sub-Committee continues to work to bring social justice to the forefront of the KPC service agenda. In doing so, we are also working to ensure the protection of our Knights and Ladies while they address this extremely important but equally volatile topic. Our initial efforts are to provide educative information while creating guidelines and best practices for safe and effective engagements for our members, the community and law enforcement. Only after these policies are in place will we encourage members to participate on any local level activities in the name of The Knights and Ladies of Peter Claver.

- Petition government officials and policy makers about Black Lives Matters issues as racial profiling, excessive use of force, and unwarranted stop.
- Collaborate with similarly focused organizations
- Identify and aggregate resources for membership to implement effective programming
- Promote positive law enforcement engagement
- Provide information of how to minimize negative law enforcement interaction
- Advocate equity in law enforcement practices
- Support sensitivity and diversity training of law enforcement officers
- Engage and train the community in utilizing their civic rights to address issues of misconduct and abuse
- Be a voice for victims of law enforcement abuse
