WELCOME

Welcome to the 2023 Tri-Association Conference

Dear Water/Wastewater Colleagues and Friends,

On behalf of CWEA, CSAWWA, and WWOA, and especially the most excellent Tri-Con Planning Committee, I would like to warmly welcome all of you to the 2023 Tri-Association Conference in beautiful Ocean City, Maryland at the end of August. This is my third time chairing this amazing conference and I continue to be in awe of the work that so many (mostly volunteers) have put forth over the last year to make Tri-Con not only possible, but also an event that is recognized as one of the premier, regional conferences happening throughout the entire water/wastewater industry. We have been growing and expanding by offering multiple pre-conference workshops, expanding the Opening Ceremony to now recognize and award key leaders from our associations, increasing the number of vendors along with a newly added equipment demonstration area due to recently completed renovations at the Convention Center, and exciting new competitions to cheer on and support. Certainly there is much for everyone to enjoy!

As we continue to navigate the challenges brought about by the global pandemic, it is more important than ever to come together and work towards a brighter future. With a variety of insightful sessions, engaging workshops, and plenty of networking opportunities, this year's Tri-Association Conference promises to be an unforgettable experience. We invite you to take the opportunity to connect with peers and experts from the Chesapeake watershed and beyond, share your experiences, and gain fresh perspectives on the latest advancements and trends in our industry. We believe that your participation will add immense value to the discussions and contribute towards shaping the future of our profession.

On behalf of the Tri-Con Planning Committee, we extend our heartfelt thanks to all our sponsors, exhibitors, and partners who have made this event possible. And lastly, we want to thank all our attendees as you truly are the ones who make Tri-Con special and memorable!

*Gratefully yours,
Gian Cossa – 2023 Chair,
Tri-Association Planning Committee*

General Information for Attendees

The Chesapeake Water Environment Association (CWEA), the Chesapeake Section American Water Works Association (CSAWWA), and the Water & Waste Operators Association of MD, DE, and DC (WWOA) are pleased to once again host a combined Annual Conference and Exhibition at the Roland E. Powell Convention Center in Ocean City, Maryland from August 29 – September 1, 2023. The Conference Committee has planned the program and schedule, as well as negotiated blocks of rooms at conference rates with several local hotels. Please check the Tri-Association Conference website (www.ChesapeakeTricon.org) frequently for updated information regarding the program, hotel accommodations, registration, golf outing, Fun Run/Walk, and other valuable information.

The Conference Registration, Information Desk, and Exhibits will be located on the first floor of the Convention Center. We are also hosting our Opening Ceremony in the Performing Arts Center, conveniently located across from our Exhibit Hall. This year's Exhibit Hall will include more than 180 standard booths. Wednesday breakfast and breaks, Wednesday lunch, and Thursday breakfast and morning break will be held in the Exhibit Hall with the exhibitors. In addition, all Operator Competitions (except Top Ops) will be held in the Exhibit Hall on Wednesday and Thursday, as well as the Water Taste Test.

Don't forget to visit the **FREE headshot booth** for a memorial photo! The headshot booth is available on Wednesday in the Exhibit Hall, next to booth 194, from 9:00 a.m. until 5:00 p.m.

WELCOME

Our 2023 Technical Program will include more than 120 presentations in five concurrent technical sessions including two one-hour engineering ethics courses. In addition to the technical presentations, Pre-Conference Workshops on: Climate, Workforce, and Cybersecurity Resiliency for Asset Managers, and PFAS: Treatment and Finance Options will be held on Tuesday, August 29, 2023, offering three hours of non-process credits.

The entire Tri-Association Conference brochure and other useful information is available on our Tri-Con Mobile App. Make sure to download the app to your phone!

Mobile App sponsored by:

Cyber Café

The Cyber Café will be located in Room 209 and will include PCs and a printer. The Conference Committee has arranged for free wireless internet access at the Convention Center for attendees and exhibitors; however, this service is not guaranteed.

Convention Center WIFI

WiFi will be available at no cost throughout the Convention Center, including the Exhibit Hall!

To access the Exhibit Hall WiFi:

SSID: CTAGuest2023

Password: xylem

Sponsored by:

Roland E. Powell Convention Center

The Convention Center is located at 4001 Coastal Highway, between 40th and 41st Streets. There are 1,200 parking spaces at the Convention Center. Anyone with a 2023 Tri-Association Conference name badge can ride the Ocean City buses at no charge.

Registration

Registration Location: First Floor Lobby

Tuesday: 10:00 AM – 4:00 PM (Exhibitors until 6:30 PM)

Wednesday: 7:30 AM – 5:00 PM

Thursday: 7:30 AM – 4:00 PM

Friday: 7:30 AM – 10:30 AM

Sponsored by:

At registration, you will receive a conference lanyard containing your name tag, door prize tickets, and paid ticketed events.

Conference lanyards sponsored by:

While you are registering, make sure you grab your souvenir Tri-Association tote bag!

Tote bags sponsored by:

WELCOME

For the health and safety of all conference attendees, hand sanitizers are available at the information and registration desks.

Attention Certified Operators

The pre-conference workshops and technical sessions have been submitted for approval by the Maryland Board of Waterworks and Waste System Operators, and course codes have been assigned. Be sure to **get your *Technical Session Attendance Form* stamped at the end of each session as this will be the only time to obtain stamps that verify your attendance.**

The Maryland Board of Waterworks and Waste System Operators has again approved **one hour of non-process credit for Exhibitor Product Briefings** by visiting exhibitors in the Exhibit Hall. Operators and superintendents can meet and discuss available technologies with a minimum of 10 exhibitors. Exhibitors can complete and sign the *Exhibitor Product Briefing Form*, which is part of the Technical Session Attendance Form, to receive credit. Operators must obtain signatures from 10 exhibitors to receive the one non-process credit hour as no partial credit will be given.

All operators must get their completed *Technical Session Attendance Form* signed by an authorized committee member at the Information Desk **before you leave the conference.** You will not be able to obtain a signature after noon on Friday, September 1, 2023 – no exceptions.

Attention Professional Engineers

As part of the continuing education requirements for Professional Engineers registered in Maryland, Delaware, and Virginia, you are required to obtain proof of attendance for professional development hours. The *Technical Session Attendance Form* will be available at the conference to provide proof of attendance. Be sure to get your *Technical Session Attendance Form* stamped at the end of each session. This will be the only time to obtain stamps that verify your attendance.

Engineering Ethics in 2023: Two one-hour presentations on engineering ethics will be provided as part of the technical program – assist PEs with meeting the requirement.

All engineers pursuing continuing education credits must get their completed *Technical Session Attendance Form* signed by an authorized committee member at the Information Desk **before you leave the conference**. You will not be able to obtain a signature after noon on Friday, September 1, 2023 – no exceptions.

Awesome Door Prizes at Every Break!

All registered attendees receive door prize tickets with their badge. Each break has its own ticket, so be sure to get yours into the drawing bin! Location of each drawing is noted on the ticket.

GOLF OUTING BENEFITTING

NON-PROFIT WATER ORGANIZATIONS

11:00 AM Check-In, 12:00 PM Shotgun Start

Format: Scramble

Ocean City Golf Club

11401 Country Club Drive, Berlin, MD

Before you arrive in Ocean City, stop off in nearby Berlin, Maryland to play on the beautiful and challenging Newport Bay course at the Ocean City Golf Club. Proceeds from the Golf Outing will benefit Water For People, Engineers Without Borders, and other non-profit water/wastewater organizations. Prizes will be awarded at the end of the golf outing. Winners will be posted at the Conference Information Booth. The scramble format will have a 12:00 PM shotgun start (check-in begins at 11:00 AM). Unclaimed prizes will be posted and can be claimed at the Conference Information Booth. Individual and foursome golf registration fees are \$100 and \$400, respectively, and includes a box lunch, driving range, green fees plus cart, and prizes.

GOLF OUTING (CONTINUED)

Inclement Weather Cancellation

Ocean City Golf Club staff will make the determination on whether the golf course is unplayable due to inclement weather. Contact OCGC directly at 410-641-1779 if threatening or severe weather is forecasted to determine if the golf outing is cancelled. Credit card refunds will be issued to those who request one in writing directly to Ron Tatariw (rtatariw@tatariw.com) by 6:00 PM on September 8, 2023, if and only if, the golf outing is cancelled due to inclement weather. We will consider the registration fee of those golfers who do not request a refund as a donation, thanking you in advance, to not-for-profit water organizations.

Back Again for 2023 – Hole in One Competition for \$25,000!

The golf tournament will include a Hole in One Competition. It will be \$5 to enter and each person can enter only one time. The prize for a hole in one is \$25,000. If there is more than one hole-in-one winner, the prize will be split between the winners.

Registration: Register for golf through our online system at www.chesapeakestricon.org/golf.html.

For additional information, Contact Ron Tatariw, Tatariw, Inc., at 703-716-0770 or by email: rtatariw@tatariw.com.

Directions to golf course from Ocean City: Go west on Route 50 to third traffic light and then turn left on Route 611 (Stephen Decatur Highway). Go six miles south on Route 611 to the “Y” in the road. Bear right at the “Y” onto South Point Road. Ocean City Golf Club is one mile on the right.

PRE-CONFERENCE WORKSHOPS

The 2023 Tri-Association Conference Committee is pleased to offer two separate Pre-Conference Workshops this year. Topics include: Climate Workforce and Cybersecurity Resiliency for Asset Managers, and PFAS: Treatment and Finance Options, US EPA. You must register for these workshops as part of your conference registration. *The workshops are subject to cancellation dependent upon the number of registrants. If cancelled, registrants will be notified, and workshop payments will be refunded in full.*

See page 77 for more information.

WORKSHOPS:

*Climate, Workforce, and Cybersecurity Resiliency for Asset Managers
Presented by the Asset Management Committees of CSAWWA & CWEA*

1:00 PM – 5:00 PM • Rooms 201–202

Resiliency is the ability to prepare for and adapt to changing conditions and withstand and recover rapidly from disruptions. Resilience includes the ability to withstand and recover from deliberate attacks, accidents, or naturally occurring threats or incidents. The topic of this workshop is to help water and wastewater asset managers use a framework to address resiliency in their asset management planning and implementation efforts.

The workshop will feature presentations from utility leaders on best practices and case studies of three key resiliency topics: **Climate, Workforce, and Cybersecurity**. Resiliency themes will be discussed using the framework of the Water Research Foundation Project #5014, “Practical Framework for Water Infrastructure Resilience.” Speakers will help attendees to identify the current state of their level of resilience, determine the desired future target level of resilience, and a path forward to address the variety of threats from a multi-disciplinary perspective. Attendees will participate in small group activities designed to provide a hands-on experience to apply the WRF framework to level of service and risk management tactics.

Presenters:

- Alana Gildner: Black & Veatch (WRF Resiliency Framework)
- Art Shapiro: Howard County DPW (Workforce)
- Jonathon Sprague: HDR (Cybersecurity)
- Nick Passarelli: DC Water (Climate)

PRE-CONFERENCE WORKSHOPS (CONTINUED)

PFAS: Treatment and Finance Options

Presented by the US Environmental Protection Agency

1:00 PM – 4:15 PM • Rooms 203–204

Perfluorooctanoic Acid (PFOA) and Perfluorooctane Sulfonate (PFOS) are chemical substances that have been used for decades to manufacture firefighting foam and many common household and consumer products, including non-stick cookware, fast food packaging, adhesives, paints, shampoo and cosmetics.

For years, states and water providers have followed the Environmental Protection Agency health advisory limit of 70 parts per trillion (ppt) for PFOA and PFOS in drinking water. In March 2023, the Environmental Protection Agency proposed to establish legally enforceable levels for six PFAS to protect the public health. EPA has proposed an MCL of 4.0 ppt for both PFOA and PFOS as well as a combined Hazard Index value of 1.0 for PFBA, PFHxS, PFBS, and GenX Chemicals. The final ruling is expected to be completed by December 2023.

This workshop will feature presentations from EPA leaders on **PFAS Treatment and Funding**. Each presentation will be followed by a Question and Answer session to allow for open and honest communication of the topic.

Presenters:

- Ruby Stanmyer: Drinking Water Section, Water Division, US EPA Region 3
- Magdalene Cunningham: Infrastructure Funding Manager, Water Division, US EPA Region 3.
- Aron Possler: Life Scientist, US EPA Region 3

14th ANNUAL OPERATIONS CHALLENGE

Equipment Set Up and Team Check-In

12:00 PM – 5:30 PM • Exhibit Hall

Operation OC2! – Day 1

Process Control Event

5:30 PM – 6:30 PM • Exhibit Hall

Continues on Wednesday. (See page 24 for details.)

Do you ever wonder what transpires behind the scenes during the operation of a water resource recovery facility? Instead of continuing to take these unsung specialists for granted, learn how the best wastewater collection and treatment personnel in the country display their skills at Operations Challenge. In the competition, teams compete to earn the highest score in five different events. Each team includes four members, and often a coach as well. Each event is designed to test the diverse skills required for the operation and maintenance of water resource recovery facilities, collection systems, and laboratories. The five events are collections systems, laboratory, process control, maintenance, and safety. Winners are determined by a weighted points system.

To register your team for this event go to:

www.ChesapeakeTricon.org/Ops-Challenge.html

SILENT AUCTION

BENEFITTING WASHINGTON D.C. PROFESSIONAL CHAPTER OF ENGINEERS WITHOUT BORDERS

8:00 AM – 6:00 PM • Exhibit Hall

(Ends at 10:30 AM on Thursday, August 31, 2023.)

ENGINEERS WITHOUT BORDERS USA
Washington DC Professional Chapter

Silent Auction is Online Again this year!

Tri-Con's Silent Auction will once again be a hybrid event with items displayed in the Exhibit Hall, but bidding will take place on 32auctions (www.32auctions.com/TriCon2023). We will accept items donated and a portion of proceeds will benefit the Washington D.C. Professional Chapter of Engineers Without Borders (EWB-DC), Water For People, and other water/wastewater non-profit organizations. EWB-DC has current projects in Mbokop, Cameroon and Shiringamazú, Peru. Their Peru project focuses on providing economically sustainable water resource to combat the waterborne intestinal diseases that affect the indigenous population. The Cameroon project is currently monitoring a recently built 8,000 liter concrete water storage tank and 6,000 feet of pipeline that connect the underground spring to the new water tank.

To participate, you will need an 32auctions account. The auction will run continuously and end on Thursday at 10:30 AM. You must pay for your item directly online, and then bring your receipt to the Information Desk to pick up your items. No items will be shipped.

Items will be displayed in the Exhibit Hall, and detailed instructions for participating are posted at the Silent Auction tables, and at the Information Desk. Contact Erica Whorley (triconsilentauctions@gmail.com or ewhorley@brwncald.com) for more information.

Water Treatment – Compliance and Safety

TRE 5818-15-12: WT All (Process)

7 hours

How does compliance and safety impact the daily routine of water system operators? This course provides participants a wide variety of compliance related topics including: the induction and compliance of the Safe Drinking Water Act; proper sampling procedures and associated regulations; operator certification requirements; MDE permits and reporting; proper operator recordkeeping; and both OSHA and EPA requirements. These important topics have been compiled for the beginning operator as well as the experienced operator/manager.

SYNAGRO
YOUR PARTNER FOR A CLEANER, GREENER WORLD

Welcome

Gian Cossa, Tri-Association Conference Committee Chair

Keynote Speaker

Nancy Hausrath

*Director of Utilities for the
City of Hagerstown, Maryland*

Nancy Hausrath is the Director of Utilities for the City of Hagerstown, Maryland, with over 25 years of experience in public utilities. Nancy is responsible for managing electric, wastewater, and water operations, collectively serving a population of 88,000 customers with an annual operating budget of \$60 million. Prior to accepting her current position, Nancy was the Water Operations Manager responsible for all potable water operations. As Director of Utilities, Nancy and her team are dedicated to enhancing the quality of life in their community by providing reliable, competitively priced utility services delivered by skilled, safety-oriented, and customer-focused staff. Nancy attributes the organization's success to teamwork, professionalism, and excellence achieved through their commitment to core values and customers.

Nancy holds a Bachelor of Science in Environmental Analysis and Planning from Frostburg State University. In her free time, Nancy explores the environment through her lens, capturing nature's beauty and complexity as a landscape and nature photographer. She captures images throughout West Virginia and the Appalachian and Blue Ridge Mountain regions. In addition to the landscape, Nancy enjoys the challenges of both macro photography and astrophotography.

METER CHALLENGE *(New Time!)*

2:30 PM – 3:30 PM • Exhibit Hall

The Meter Challenge is your opportunity to challenge and compete against your fellow operators, engineers, and other water utility professionals. The competition is an individual event aimed at measuring an individual's skill at assembling a meter quickly, totally, and accurately. Groups and teams can register and compete under their entities' names; however, each qualified participant is solely responsible for his/her performance. Winner of the local competition will have the chance to go to the national AWWA Meter Challenge Competition.

Sponsored by:

HYDRANT HYSTERIA *(New Competition!)*

2:30 PM – 3:30 PM • Exhibit Hall

Hydrant Hysteria is a measure of a team's skill at assembling a fire hydrant quickly, totally and accurately. All parts must be assembled in the proper manner and the reassembled hydrant is tested by the judges for its ability to operate correctly. Competitors race against the clock, and can be penalized in seconds for any errors in assembly.

PIPE CUTTING SHOOTOUT

4:00 PM – 5:00 PM • Exhibit Hall

Operations Challenge will conclude with the Pipe Cutting Shootout that happens during the Shooters Happy Hour. This event is open to any registered attendee. Please sign up to participate in the fastest single pipe cut competition. There is a men's and women's competition, and many first-time cutters then participate annually. Trophies and gift cards will be awarded to the fastest men's and women's cuts! See you Wednesday afternoon!

SHOOTERS HAPPY HOUR

4:00 PM – 5:30 PM (*Time Extended This Year!*) • Exhibit Hall

Come network and enjoy light fare and drinks with our valued exhibitors while you watch attendees participate in the Pipe Cutting Shootout. Sodas, beer, and wine are complimentary and a cash bar for liquor will be available. After happy hour, come join your fellow attendees and exhibitors for a Fun Night at Seacrets®!

WOMEN'S NETWORKING EVENT

5:00 PM – 6:30 PM • Bayfront Ballroom, Second Floor

All are welcome to join the Women's Networking Event and participate in engaging conversations and networking. This year's theme is all about giving back. While our event's mission is to support women in the water industry, how do we pay it forward and support more communities? Let's share stories of volunteering, mentoring, and navigating meaningful ways of lending a hand. Please join us after the conclusion of Wednesday's technical sessions in the Bayfront Ballroom, located on the second floor of the Convention Center.

SCADA Systems

TRE 5738-15-06: All Operators (Process)

7 hours

This course is designed to show the participants how SCADA systems can be used to get the best performance out of water and sewer systems at the least cost. It will cover the parts of a SCADA system in general and show how they function and relate back to a site-specific wastewater treatment plant. It will include the use of remote reading water meters and how they can be used in conjunction with a SCADA system monitoring a water source and production system to reduce the amount of lost water and lower the cost of operation. It will also demonstrate how a SCADA system can be used to isolate I&I in a sewer collection system and how this can affect the plant's operations. Finally, it will cover in detail the use of SCADA to control the process used in an ENR Wastewater Treatment Plant to meet the requirements of the NPDES permit, even during periods of changing flow, in great detail.

WEF National Representative

Shellie Chard

Shellie Chard is a member of the 2022–23 Board of Trustees for the Water Environment Federation. Chard is the Water Quality Division Director for the Oklahoma Department of Environmental Quality (DEQ) where she oversees a holistic water program which includes the regulatory aspects of the Clean Water Act, Safe Drinking Water Act, water reuse, infrastructure funding, operator certification, ground water protection and other state water programs.

Chard became a WEF and Oklahoma Water Environment Association member in 1997. Since that time, she has served as President of OWEA, chaired two committees and has been an active member of nine committees. Additionally, she served two terms as the OWEA Delegate in WEF's House of Delegates. Also, Shellie has been a member of the WEF Collection Systems, Industrial Wastewater, and Government Affairs Committees. She has been actively involved in WEF's water reuse efforts including serving on the Water Reuse Blue Ribbon Panel and she currently serves on WEF's PFAS Taskforce.

Abhiram Satyadev, DC Water

Adrian Romero, Jacobs

2:00 PM – 2:30 PM

WSSC Siphon Facility Assessments

Justin Hall, JMT (jhall@jmt.com)

3:30 PM – 4:00 PM

Local Utilities Answering the Call in Mississippi

Eddie Cope, Anne Arundel County Water Operations

(pwcope43@aacounty.org)

Jay Price, WSSC Water

TECHNICAL PROGRAM SCHEDULE

Wednesday, August 30, 2023

Speakers' names are in bold italics, and co-speakers' names are in italics.

201–202 • ASSET MANAGEMENT (CONTINUED)

4:00 PM – 4:30 PM

Are Metallic Pressure Pipes Forever Assets?

A Review of a Decade of Inline Condition Assessment Data

Eric Toffin, Xylem (eric.toffin@xylem.com)

Greta Vladeanu, Xylem

Sepideh Yazdekhasti, Xylem

4:30 PM – 5:00 PM

XDOT Large Diameter Metal Plate Arch

Rehabilitation with Unreinforced Geopolymer Mortar

Scott Naiva, Manufacturer of large pipeline rehab technology (snaiva@cs-nri.com)

Houston Brown, Pennoni

Jon Karam, Delaware Dept. of Transportation

203–204 • STORMWATER COLLECTION

8:30 AM – 9:00 AM

Asset Protection with Appropriate

Erosion Control Strategies in Flashy Streams

Nancy Schumm, PRIME AE Group, Inc. (nschumm@primeeng.com)

9:00 AM – 9:30 AM

Lessons Learned from Integrating

1D and 2D Riverine and Collection System Models

Mary Whitehead, Arcadis (mary.whitehead@arcadis.com)

Mark Van Auken, Arcadis

9:30 AM – 10:00 AM

Stormwater Collection & Removal of

Suspended Debris, Hazardous Metals & Organics

James Impero, Ovivo USA, LLC (james.impero@ovivowater.com)

Abner Aviles, Ovivo Water

TECHNICAL PROGRAM SCHEDULE

Wednesday, August 30, 2023

Speakers' names are in bold italics, and co-speakers' names are in italics.

203-204 • WASTEWATER

1:00 PM – 1:30 PM

Identifying Reliable Solids Management

Options for the Parham Landing WWTP

Lisa Challenger, Material Matters (lchallenger@materialmatters.com)

1:30 PM – 2:00 PM

Enhancing Anaerobic Digestion Performance
with the Microbial Hydrolysis Process

Dave Parry, Jacobs (dave.parry@jacobs.com)

Maddy Fairley-Wax, Jacobs

2:00 PM – 2:30 PM

Phosphorus in the Circle of Life –

A Holistic Approach to Corrosion Control and Water Quality

Matthew Tyrrell, AquaSmart Inc. (mtyrrell@aquasmartinc.com)

Dave Linville, AquaSmart Inc.

3:30 PM – 4:00 PM

More Nutrient Removal Without Carbon Addition –

An Overview of Various Process Pathways Taken by US Facilities

Tanja Rauch-Williams, Carollo Engineers (trauch-williams@carollo.com)

Paul Bassette, Carollo Engineers

4:00 PM – 4:30 PM

Compact, Energy-efficient & Chemical-free Biological Nutrient

Removal using AquaNereda® Aerobic Granular Sludge Technology

Paula Dorn, Aqua-Aerobic Systems, Inc. (pdorn@aqua-aerobic.com)

4:30 PM – 5:00 PM

Enhanced Biological Nutrient Removal with

Minimal Recycle Flows in a Phased Activated Sludge System

Manuel De Los Santos, Aqua-Aerobic Systems, Inc.

(mdelossantos@aqua-aerobic.com)

TECHNICAL PROGRAM SCHEDULE

Wednesday, August 30, 2023

Speakers' names are in bold italics, and co-speakers' names are in italics.

207-208 • WATER STORAGE

8:30 AM – 9:00 AM

Rehabilitation of a Potable Water Tank with Limited Access and Lead Coating Removal

Heather Stiner, Sherwin-Williams (heather.r.stiner@sherwin.com)

9:00 AM – 9:30 AM

Why Should I Give a Dam? Dam Safety 101

Kate Naughton, Hazen and Sawyer (knaughton@hazenandsawyer.com)

Jeffery Powers, Hazen and Sawyer

9:30 AM – 10:00 AM

The Maryland Statewide PMP Is Here! How the Probable Maximum Precipitation (PMP) Study Is Impacting Design Storms for Dams

Kate Naughton, Hazen and Sawyer (knaughton@hazenandsawyer.com)

Jeremy Hise, Hazen and Sawyer

207-208 • LEAD & COPPER

1:00 PM – 1:30 PM

(Part 4) Construction Management of Lead Service Replacement Programs – Just How Do We Get This Done?

James Dudley, Mott MacDonald (james.dudley@mottmac.com)

Derick McNally, Mott MacDonald

1:30 PM – 2:00 PM

Lead and Copper Rule Revisions –

Baltimore's Implementation Strategy in Meeting & Maintaining Compliance

Golnaz Khorsha, Baltimore City (golnaz.khorsha@baltimorecity.gov)

Mohammed Rahman, Baltimore City

2:00 PM – 2:30 PM

Smart Program Management for Lead Service Replacement

Teresa Wong, Ramboll (twong@ramboll.com)

Jeannie Purchase, DC Water

3:30 PM – 4:00 PM

(Part 1) Estimating the Costs for a Lead Service Replacement Program – What Can You Expect?

Craig Benson, Mott MacDonald (craig.benson@mottmac.com)

Derick McNally, Mott MacDonald

TECHNICAL PROGRAM SCHEDULE

Wednesday, August 30, 2023

Speakers' names are in bold italics, and co-speakers' names are in italics.

207-208 • LEAD & COPPER (CONTINUED)

4:00 PM – 4:30 PM

(Part 2) Lead Service Replacement Program –

Using Data to Inform the Utility, the EPA, and the Public

Marco Hernandez, Mott MacDonald (marco.hernandez@mottmac.com)

Craig Benson, Mott MacDonald

4:30 PM – 5:00 PM

Lead & Copper Rule Crisis Communications: How to Successfully Handle Newsmaking Public Notifications in as Little as 24 Hours

Mike McGill, WaterPIO (mike@waterpio.com)

215 • ETHICS

9:00 AM – 10:00 AM

Ethics Regulations and Cases in Engineering

Sam Grant, Whitman, Requardt and Associates, LLP

(smgrantdpw@yahoo.com)

215 • SYSTEM OPERATIONS

8:30 AM – 9:00 AM

Use of BIM 360 and Generative Design for Project Delivery

Victoria Botto, Stantec (victoria.botto@stantec.com)

1:00 PM – 1:30 PM

70 Broken Valves – Which Valve Do I Replace First?

Claire Chen, Mott MacDonald (yunqi.chen@mottmac.com)

Ella Garcia, DC Water

Getachew Melsew, DC Water

1:30 PM – 2:00 PM

Introduction to SCADA Communication using DNP3

Peter Jackson, NSI Neal Systems Inc. (pjackson@nealsystems.com)

Nick Smith, Schneider Electric

2:00 PM – 2:30 PM

Make the Data Speak Your Language: Fostering Dialogue Between Plants and Their Supporting Laboratories

Sadikia Caldarazzo, City of Baltimore (sadikia.caldarazzo@baltimorecity.gov)

Deborah Pitts, City of Baltimore

TECHNICAL PROGRAM SCHEDULE

Wednesday, August 30, 2023

Speakers' names are in bold italics, and co-speakers' names are in italics.

215 • WATER CONVEYANCE

3:30 PM – 4:00 PM

If a Water Pipe Leaks in a Creek Does It Make Any Noise?

Dennis Funk, Gannett Flemming (dfunk@gnet.com)

Karina Keefe, Gannett Flemming

Pamela Mann, Gannett Flemming

4:00 PM – 4:30 PM

Overcoming Construction Challenges During

COVID on a Complex Multi-phase Project

Will Hinz, Whitman, Requardt and Associates, LLP (whinz@wrallp.com)

4:30 PM – 5:00 PM

Collaborative Design-Build Approach Saves

84-inch Water Main from a Storm Drain Sinkhole

William Wagner, Whitman, Requardt and Associates, LLP

(wwagner@wrallp.com)

Timothy Wolfe, Baltimore City

217 • UTILITY MANAGEMENT

8:30 AM – 9:00 AM

Navigating Pre-Procurement as a Solution

to Equipment Backlog on Emergency Projects

Badana Mohamadi, HDR (badana.mohamadi@hdrinc.com)

Angelina Twumasi-Boakye, HDR Inc.

9:00 AM – 9:30 AM

Building Resilience through Operations Technology Cybersecurity:

An Anne Arundel County Case Study

Kandace Jennings, Gannett Fleming (kjennings@gfnet.com)

Guy Youmbi, Anne Arundel County

9:30 AM – 10:00 AM

Cyber Resilience Starts with a Cybersecurity Program

Cole Dutton, US Environmental Protection Agency (dutton.cole@epa.gov)

Nushat Thomas, U.S. EPA

TECHNICAL PROGRAM SCHEDULE

Wednesday, August 30, 2023

Speakers' names are in bold italics, and co-speakers' names are in italics.

217 • WWPS

1:00 PM – 1:30 PM

Introduction to a New Design Standard for Close-Fit Liners:

20 years in the Making

Christopher Garrett, Brown and Caldwell (cgarrett@brwnncald.com)

1:30 PM – 2:00 PM

The Crypt Is Open – Tales from the

Brentwood Park Pumping Station Improvements

Mathew Roder, Arcadis (mathew.roder@arcadis.com)

Steven Schulz, Harford County

2:00 PM – 2:30 PM

Out of Sight, But Not Out of Mind – Pay Attention to Your Covered Assets

Garrett Fanshawe, Whitman, Requardt and Associates, LLP

(gfanshawe@wrallp.com)

Per Struck, Whitman, Requardt and Associates, LLP

Michael Nye, DC Water

Rouben Der Minassian, DC Water

217 • FORCE MAINS

3:30 PM – 4:00 PM

Proposed Electrical Tower Near a Force Main in the Bush River...

Let's Perform an Underwater Inspection to Assess Risks!

James Shelton, Arcadis (james.shelton@arcadis.com)

David Peplinski, Harford County

4:00 PM – 4:30 PM

External Verification of Internally Identified

Defects During a Forcemain Condition Assessment

Emer Flounders, PureHM U.S. Inc., a Xylem brand

(emer.flounders@xylem.com)

4:30 PM – 5:00 PM

To Dig or Not to Dig? A Case Study in Sewage

Force Main Replacement by Pipe Bursting/Splitting

William Wallace, Wallace Montgomery & Associates, LLP

(wwallace@wallacemontgomery.com)

Beverly Ingram, Anne Arundel County

TECHNICAL PROGRAM SCHEDULE

Thursday, August 31, 2023

Speakers' names are in bold italics, and co-speakers' names are in italics.

201-202 • ASSET MANAGEMENT

8:30 AM – 9:00 AM

Assessment of a Glass-Lined Digested Sludge Forcemain

Ad Shatat, PICA Corp (ashatat@picacorp.com)

James Hawthorne, PICA Corp.

9:00 AM – 9:30 AM

Let's Get it Done! Leveraging Big Data to Enhance a Water Main Replacement Program

Michael Marsjanik, Hazen and Sawyer

(mmarsjanik@hazenandsawyer.com)

Tarnisha Bailey, Baltimore City

9:30 AM – 10:00 AM

Using Artificial Intelligence to Optimize Sewer Cleaning

Sara Titus, WSSC (sara.titus@wsscwater.com)

11:00 AM – 11:30 AM

PCCP Management Innovation Continues: 2022 Field Trial Findings

Kate Zhao, Xylem (kate.zhao@xylem.com)

11:30 AM – 12:00 PM

Seeing is Believing: Lessons Learned

from Exposing Cathodically Protected Piping

Andrew Fuller, Black & Veatch (fullera@bv.com)

12:00 PM – 12:30 PM

Peering Through the Subsurface to Assess Vulnerability in Gravity Sewer Pipes: Why Do You Look So Sag?

Ziwei He, HDR (ziwei.he@hdrinc.com)

Edward Shea, HDR Inc.

Justin Ferguson, Fairfax County

2:00 PM – 2:30 PM

WSSC Water Efforts to Address Pipe Supply Chain Issues

Rosanna La Plante, WSSC Water (rosanna.laplante@wsscwater.com)

Haile Yerdaw, WSSC Water

Michael Harmer, WSSC Water

TECHNICAL PROGRAM SCHEDULE

Thursday, August 31, 2023

Speakers' names are in bold italics, and co-speakers' names are in italics.

201–202 • ASSET MANAGEMENT (CONTINUED)

2:30 PM – 3:00 PM

Equitable Cost Allocation – DC Water's Multijurisdictional Approach

Eyasu Yilma, DC Water (k.yilma@dcwater.com)

Eric Harold, Carollo Engineers

Tamrat Bedane, DC Water

3:00 PM – 3:30 PM

Interactive and Dynamic Online Asset Management Plans for Utilities

Len Sekuler, Arcadis (len.sekuler@arcadis.com)

Adolfo Carpio, WSSC Water

4:00 PM – 4:30 PM

Virtual Reality and 3D Design Are the New Norm
for Design and Operations Management

Daniel Jeon, Gannett Fleming, Inc. (djeon@gfnet.com)

Bilal Sarayra, Howard County DPW

4:30 PM – 5:00 PM

Water System Planning in Developed Municipalities

Allyson Merola, Whitman, Requardt & Associates, LLP
(amerola@wrallp.com)

Jeffery Lorencen, Whitman, Requardt & Associates, LLP

5:00 PM – 5:30 PM

Let's Optimize Your Business Workflows
as Part of Your Asset Management Strategy

Katterinne Fleming, Kennedy Jenks

(katterinnefleming@kennedyjenks.com)

Niv Narayanappa, Kennedy Jenks

203–204 • WASTEWATER

8:30 AM – 9:00 AM

Using Gas Upgrading & Thermal Hydrolysis to Optimize Energy
Production – Case Study from the UK

William Barber, Cambi, Inc. (bill.barber@cambi.com)

9:00 AM – 9:30 AM

A Novel Method to Quantify Biosolids Drying Properties

Dian Zhang, Stantec (dian.zhang@stantec.com)

TECHNICAL PROGRAM SCHEDULE

Thursday, August 31, 2023

Speakers' names are in bold italics, and co-speakers' names are in italics.

203-204 • WASTEWATER (CONTINUED)

9:30 AM – 10:00 AM

Gasification and Pyrolysis of Sewage Sludge

Biomass and Intensification of Pyrolysis

Philip Pedros, Mott MacDonald (*philip.pedros@mottmac.com*)

11:00 AM – 11:30 AM

Simultaneous Nitrification/Denitrification (SND) & Aerated Anoxic

Conditions Stabilize Mainstream Anammox Operation in IFAS System

Helen Littleton, LX Environmental LLC (*helen@lxenvironmental.com*)

11:30 AM – 12:00 PM

A New On-site, Standardized Screen Capture Efficiency Sampling & Testing Protocol for all New & Old Wastewater Treatment Plant Screening Equipment

James Impero, Ovivo USA, LLC (*james.impero@ovivowater.com*)

Abner Aviles, Ovivo Water

12:00 PM – 12:30 PM

Is Peracetic Acid (PAA)-based Domestic

Wastewater Effluent Disinfection the Real Deal?

Michael Kuznetz, Buchart Horn, Inc. (*mkuznetz@bucharthorn.com*)

Michael Pullano, Buchart Horn, Inc.

2:00 PM – 2:30 PM

Planning for PFAS? Leveraging and Phasing Thermal Processes

DJ Wacker, Brown and Caldwell (*dwacker@brwncald.com*)

2:30 PM – 3:00 PM

Sod Run WWTP Improvements Project –

Harford County's Approach to a Successful Project with a Growing Scope

Maia Tatinclaux, RK&K (*mtatinclaux@rkk.com*)

Steven Schulz, Harford County

3:00 PM – 3:30 PM

Development of Dynamic Process Model

to Provide Operational Insights for Arlington WPCP

Christine Debarbadillo, Black & Veatch (*debarbadillo@bv.com*)

Fasil Haile, Arlington County

TECHNICAL PROGRAM SCHEDULE

Thursday, August 31, 2023

Speakers' names are in bold italics, and co-speakers' names are in italics.

203-204 • UTILITY MANAGEMENT

4:00 PM – 4:30 PM

Reduction of Nitrous Oxide Emissions from Biological
Nutrient Removal Processes by Thermal Decomposition

Philip Pedros, Mott MacDonald (philip.pedros@mottmac.com)

4:30 PM – 5:00 PM

Waste & Energy Recovery Lead to Sustainability at the Clearwater WWTF

DJ Wacker, Brown and Caldwell (dwacker@brwnald.com)

Bill Rehkop, DTMA

5:00 PM – 5:30 PM

Minor Systems, Major Impact –

Cost Effective Nutrient Reduction via Minor System Upgrades

Josh Rodgers, HDR (joshua.rodgers@hdrinc.com)

George Heiner, Anne Arundel County

James Howard, Anne Arundel County

207-208 • UTILITY MANAGEMENT

8:30 AM – 9:00 AM

Strengthening Climate Resilience
with EPA's Creating Resilient Water Utilities

Wesley Wiggins, U.S. Environmental Protection Agency
(wiggins.wesley@epa.gov)

Audrey Ramming, U.S. EPA

Steve Fries, U.S. EPA

9:00 AM – 9:30 AM

The Stage 3 DBPR is Coming:

Capital Planning for an Uncertain Regulatory Future

Cory Johnson, Ramboll (cory.johnson@ramboll.com)

9:30 AM – 10:00 AM

An Immersive Journey Through Innovation:

Exploring Advanced Water Treatment through Public Outreach

Rahkia Nance, HDR Inc. (rahkia.nance@hdrinc.com)

Meghan Robinson, HDR Inc.

TECHNICAL PROGRAM SCHEDULE

Thursday, August 31, 2023

Speakers' names are in bold italics, and co-speakers' names are in italics.

207-208 • WATER TREATMENT

11:00 AM – 11:30 PM

Different Treatment Processes for Similar Contaminants:
How VOC and Iron/Manganese Removal Affect PFAS Treatment
Lori Kappen, Gannett Fleming, Inc. (lkappen@gfnet.com)

11:30 AM – 12:00 PM

On-Site Sodium Hypochlorite Generation: A Safe and Reliable
Disinfection Alternative to Bulk Sodium Hypochlorite and Gas Chlorine
Tom Caulfield, UGSI Solutions (grock@ugsicorp.com)

12:00 PM – 12:30 PM

Design and Installation of Treatment System at Brunswick's Yourtee
Spring – Bringing the City's 100+ Year Old Water Source into the Future
Andrew Cooper, WRA (acooper@wrallp.com)
Bill Kramer, Kershner Environmental Technologies, LLC
Matthew Campbell, City of Brunswick

2:00 PM – 2:30 PM

Advancing Potable Reuse in Anne Arundel County, MD
Using a Carbon-based Treatment Approach
Ramola Vaidya, HDR Inc. (ramola.vaidya@hdrinc.com)
Christina Alito, HDR Inc.
George Heiner, Anne Arundel County

2:30 PM – 3:00 PM

Settling Down to Clean – Handling Design &
Construction of a Consent Decree Driven Project
Narayan Venkatesan, Ramboll (narayan.venkatesan@ramboll.com)
Casey Murray, Ramboll

3:00 PM – 3:30 PM

Rapid PFAS Treatment Implementation for the Groundwater Wells
Mamatha Hopanna, HDR Inc. (mamatha.hopanna@hdrinc.com)
Christina Alito, HDR Inc.
Lawrence Hentz, HDR Inc.

TECHNICAL PROGRAM SCHEDULE

Thursday, August 31, 2023

Speakers' names are in bold italics, and co-speakers' names are in italics.

207-208 • WASTEWATER

4:00 PM – 4:30 PM

Whoa There! When the Contractor's Field Observations Send You Back to the Drawing Board for a Better Outcome

Andrew Freitas, Carollo Engineers (afreitas@carollo.com)

Rouben Der Minassian, DC Water

4:30 PM – 5:00 PM

Best Practices of Enhanced Biological Phosphorus Removal (EBPR) – What You Can and Cannot Control

Nick Barczewski, Ovivo (nick.barczewski@ovivowater.com)

5:00 PM – 5:30 PM

How Flushable Plastics, Disposable Wipes & Grinders Affect the Performance & Maintenance of Headworks and Membrane Protection Screens

James Impero, Ovivo USA, LLC (james.impero@ovivowater.com)

Abner Aviles, Ovivo Water

215 • UTILITY MANAGEMENT

8:30 AM – 9:00 AM

Asset Protection: Several Case Studies in Sustainable, Resilient Solutions

Danielle Hankins, RK&K (dhankins@rkk.com)

Rebecca Oaks, RK&K

9:00 AM – 9:30 AM

What Happens When You Can't Get There From Here?

The Challenges of Multiple Reclaimed Water System Planning

Yvonne Picard, Atkins (yvonne.picard@atkinsglobal.com)

Rich Meckes, Indian River County

9:30 AM – 10:00 AM

Staff Growth to Meet Equity Objectives and Urgent Technical Requirements

Gary Geck, Mott MacDonald (gary.geck@mottmac.com)

Derick McNally, Mott MacDonald

11:00 AM – 11:30 AM

Utilizing a Decommissioned Rock Quarry for a New 1-Billion Gallon Reservoir for Sustainable Use of the Region's Water Supply

Chris Waters, Arcadis (chris.waters@arcadis.com)

TECHNICAL PROGRAM SCHEDULE

Thursday, August 31, 2023

Speakers' names are in bold italics, and co-speakers' names are in italics.

215 • UTILITY MANAGEMENT (CONTINUED)

11:30 AM – 12:00 PM

Winter Storms, Power Outages, Flooding...

With Increasing Impacts of Disruptive Events, Where Does One Start Planning for and Building Resilience?

Alana Gildner, Black & Veatch (*gildnera@bv.com*)

12:00 PM – 12:30 PM

Don't Just Collect a Treatment Plant's Operational Data – Leverage It!

Ryan Brown, Autodesk (*ryan.brown@autodesk.com*)

215 • SYSTEM OPERATIONS

2:00 PM – 2:30 PM

From Soup to Nuts: Using Digital Twins to

Optimize your Water System from Source to Customer

Mike Bernard, Specific Energy (*mike.bernard@specificenergy.com*)

2:30 PM – 3:00 PM

Evaluating Metering Program Health and Advanced Metering Infrastructure System Performance: Adapting to a Mature Metering Program

Brian Zuidervliet, CDM Smith (*zuidervlietbw@cdmsmith.com*)

3:00 PM – 3:30 PM

Planning, Preparation and Practice Minimizes Downtime –

Lessons Learned from Three years of THP Shutdowns

Stephanie Spalding, 548 (*stephanie.spalding@hdrinc.com*)

David Ewing, HRSD

4:00 PM – 4:30 PM

Common Corrosion Questions for O&M

Andrew Fuller, Black & Veatch (*fullera@bv.com*)

4:30 PM – 5:00 PM

Starting Simple: Digitizing Small/Medium Utilities from Data to Insights

David Archard, Waterly, LLC (*david@muniopex.com*)

Chris Sosnowski, WaterClick

5:00 PM – 5:30 PM

Evaluating Biological Efficiency:

Collection Systems and WWTP Problems and Solutions

Howie Pearson, Quorum (*hwpearson@quorum.com*)

TECHNICAL PROGRAM SCHEDULE

Thursday, August 31, 2023

Speakers' names are in bold italics, and co-speakers' names are in italics.

217 • COLLECTION SYSTEMS

8:30 AM – 9:00 AM

Vacuum Sewer Systems 101

Jerry Gala, Airvac, Inc (jerry.gala@airvac.com)

9:00 AM – 9:30 AM

Under Pressure – Accelerated Design for Pressure Reducing Station

Chris Painter, HDR (christopher.painter@hdrinc.com)

9:30 AM – 10:00 AM

More Than Just Alarming:

Modern Monitoring Solutions Help Utilities Optimize Assets with Data

Kevin Stock, Streametric (kevin.stock@streametric.io)

11:00 AM – 11:30 AM

Modernizing CSO Management

Liie Hill, Jacobs (liie.hill505@gmail.com)

Jennifer Baldwin, Jacobs

11:30 AM – 12:00 PM

Sub-aqueous Sewer Crossing Between Residential Neighborhoods

Brandon Reider, Garney Construction (breider@garney.com)

12:00 PM – 12:30 PM

Overcoming the Challenges of Pumping
into a Long Force Main with Low Static Head

Steven Clark, GHD (steven.clark@ghd.com)

Robert Geist, GHD

TECHNICAL PROGRAM SCHEDULE

Thursday, August 31, 2023

Speakers' names are in bold italics, and co-speakers' names are in italics.

217 • STORMWATER

2:00 PM – 2:30 PM

Stormwater Project Management Solutions

Olivia Devereux, Devereux Consulting, Inc.

(olivia@devereuxconsulting.com)

2:30 PM – 3:00 PM

A 21st Century Tool to Address 21st Century Flooding:

Modeling the City of Baltimore's Stormwater System

Jeff Pelletier, Atkins (jeffrey.pelletier@atkinsglobal.com)

Jemil Yesuf, City of Baltimore

Kimberly Grove, Baltimore City DPW

Matthew Zelin, Hazen & Sawyer

3:00 PM – 3:30 PM

Tips for Evaluating the Feasibility of

Retrofitting Existing Stormwater Facilities

Shahjabin Alam, Shahjabin Alam (salam@hrg-inc.com)

4:00 PM – 4:30 PM

Leveraging Community Engagement, Technology and

Engineering to Address Drainage Concerns in Gaithersburg

Mark Voli, Dewberry (mvoli@dewberry.com)

Jessica Seipp, Dewberry

Robert Deibert, Gaithersburg City

4:30 PM – 5:00 PM

Combined Sewer Separation – Challenges & Lessons Learned

Stephanie Cuthbert, Remington & Vernick Engineers

(stephanie.cuthbert@rve.com)

Christopher McCormick, Remington & Vernick Engineers

5:00 PM – 5:30 PM

Introducing a New Standard Method for Measuring Trash Capture

Greg Williams, StormTrap (gwilliams@stormtrap.com)

Jack Skifano, StormTrap

TECHNICAL PROGRAM SCHEDULE

Friday, September 1, 2023

Speakers' names are in bold italics, and co-speakers' names are in italics.

201-202 • ASSET MANAGEMENT

9:00 AM – 9:30 AM

Learning from Experience: Emergency Preparedness
“Best Practices” to Limit the Impact of Watermain Failures

Susan Donnally, HDR (susan.donnally@hdrinc.com)

Jorge Rodriguez, WSSC Water

9:30 AM – 10:00 AM

Water Distribution Intervention Without Service Disruption

Justin Prillaman, Hydra-Stop (jprillaman@hydra-stop.com)

10:15 AM – 10:45 AM

Glenridge 66-Inch Water Main Relocation –
Benefits of Early Contractor Inclusion in Design and Pre-Construction

Cristian Arevalo, Garney Companies, Inc. (carevalo@garney.com)

10:45 AM – 11:15 AM

Leveraging Configurable Software Solutions
to Support Vertical Asset Management

Natalie Ciletti, AECOM (natalie.ciletti@aecom.com)

Anthony Dowell, AECOM

11:15 AM – 11:45 AM

Asset Management Programs to Address the Labor Shortage

Timothy Taber, Barton & Loguidice, DPC

(ttaber@bartonandloguidice.com)

203-204 • SYSTEM OPERATIONS

9:00 AM – 9:30 AM

The Perils of Surcharging Interceptors:
Unintended Consequences of In-line Storage

James Shelton, Arcadis (james.shelton@arcadis.com)

Andrew Peters, Evansville Water and Sewer Utility

9:30 AM – 10:00 AM

Managing Transmission Mains Through Various Data and
Inspections Can Be Daunting – Here’s A Way for Baltimore To Do It

Karl San Luis, Suez Smart and Environmental Solutions, N.A.

(karl.sanluis@suez.com)

Brian Ball, Baltimore City

Travis Wagner, Suez Smart and Environmental Solutions, N.A.

TECHNICAL PROGRAM SCHEDULE

Friday, September 1, 2023

Speakers' names are in bold italics, and co-speakers' names are in italics.

203–204 • SYSTEM OPERATIONS (CONTINUED)

10:15 AM – 10:45 AM

Simple Improvements to SCADA Graphics Can Have a Big Impact

Dean Foote, RK&K (*dfoote@rkk.com*)

10:45 AM – 11:15 AM

Clarifier Down... I Repeat, Clarifier Down...

A Teams' Approach to Save a Plant's Operation

Anna Kazasi, VA/MD American Water (*anna.kazasi@amwater.com*)

11:15 AM – 11:45 AM

Using Root Cause Analysis to Inform Rehabilitation

Andrew Fuller, Black & Veatch (*fullera@bv.com*)

207–208 • UTILITY MANAGEMENT

9:00 AM – 9:30 AM

Styrene? Not in My Ambient Air! A DC Water Case Study for Air Quality Monitoring & Testing During CIPP Installation at Soapstone Valley Park

Burak Kaynak, DC Water (*burak.kaynak@dcwater.com*)

William Elledge, DC Water

9:30 AM – 10:00 AM

Dynamic Water Systems – How Water and Wastewater Agencies Are Applying Digital Transformation Strategies

Shawn Dent, Carollo Engineers (*sdent@carollo.com*)

10:15 AM – 10:45 AM

Climate Adaptation and Preparing for Long-term Resilience

Kevin Smith, Ramboll (*kevin.smith@ramboll.com*)

Paul Romano, Ramboll

Sophia Ertel, Ramboll

10:45 AM – 11:15 AM

Using GIS to Identify, Track, and Report on

Lead Service Line Data to Meet EPA Requirements

Joe Deluca, EBA Engineering Inc. (*joseph.deluca@ebaengineering.com*)

Mark Cavaliere, EBA Engineering Inc.

11:15 AM – 11:45 AM

Leveraging Data Integration to Unlock Utility Growth

Kevin Flis, Xylem (*kevin.flis@xylem.com*)

TJ Butler, GoAigua

TECHNICAL PROGRAM SCHEDULE

Friday, September 1, 2023

Speakers' names are in bold italics, and co-speakers' names are in italics.

215 • ETHICS

9:00 AM – 10:00 AM

Assessing the Ethics of AI in Water

Sheela Lal, *BlueConduit* (sheela@blueconduit.com)

215 • WASTEWATER

REGISTRATION INFORMATION

Registration Information

Early Bird Registration Ends August 8, 2023 at 11:59 PM, after which time Standard Rates apply.

Standard Rates are \$75.00 more than Early Bird rates shown in the table.

EARLY BIRD REGISTRATION RATES					
Registration Options	Member	Certified Operator	Non-Member	Full-Time Student	Retiree
Full Conference: Complete Package	\$350	\$290	\$430	N/A	N/A
Full Conference: No Ticketed Events	\$260	\$200	\$340	\$75	\$125
One-Day Registration: Wednesday	\$220	\$150	\$310	\$30	N/A
One-Day Registration: Thursday	\$220	\$150	\$310	\$30	N/A
One-Day Registration: Friday	\$120	\$100	\$200	\$30	N/A

To get the Member rate, you or your utility must be a current member of one of the three associations (CWEA, CSAWWA, or WWOA). Your membership in AWWA or WEF must be with the Chesapeake affiliate/section.

To get the Retiree rate, you must not be working in the industry at this time.

All attendees must register for the 2023 Tri-Association Conference on-line. You can access registration through the conference website: www.ChesapeakeTriCon.org.

REGISTRATION INFORMATION

Early Bird Registration (\$75 savings) Ends August 8, 2023, at 11:59 PM

Standard Conference Registration pricing begins at the close of Early Bird Registration. Full payment is required at the time of registration.

Full Conference, Complete Package

Includes access to Technical Sessions, Exhibit Hall, non-ticketed Social Events, one Ticket to Wednesday Night Seacrets Event, and one ticket to an Association Luncheon/Meeting of your choice (CSAWWA, CWEA, or WWOA).

Full Conference, No Ticketed Events

Includes access to Technical Sessions, Exhibit Hall, and non-ticketed Social Events.

Operator Competition Teams

Team members will receive a "Full Conference No Ticketed Events" registration for the reduced rate of \$90 per person. Register through the system online and be sure to select "Operator Competition" when you start registration.

One-Day Registration

Includes access to Technical Sessions, Exhibit Hall (Wednesday or Thursday Only), and non- ticketed Social Events for that day.

Exhibitor Attendee Registrations

After June 1, all exhibiting firms will receive an email with full instructions on registering attendees. Each booth comes with two free badges, and the option to purchase up to two additional Exhibitor Badges at \$150 each. Exhibitor badges do NOT include tickets to conference special events, such as the 5K Fun Run, Seacrets Fun Night, and Association Business Luncheons.

REGISTRATION INFORMATION

Additional Selections

Golf at the Ocean City Golf Club, Tuesday, August 29, 2023

Sign-In 11:00 AM to 12:00 PM, Shotgun Start at 12:00 PM. Space is limited, so be sure to register early! **Cost: \$100 per individual and \$400 for a foursome.**

5K Fun-Run/Walk, Wednesday, August 30, 2023

The 5K Fun-Run/Walk will be held on Wednesday at 7:00 AM on the Boardwalk at the Grand Hotel (21st Street). **Early Bird Registration Cost: \$35/Standard Registration Cost: \$45**

Pre-Conference Workshops

Two workshops are planned for Tuesday, August 29, beginning at 1:00 PM: *Asset Management* and *US EPA Presents: PFAS – Treatment and Financial Options*. The workshops will be submitted for PE and operator CEUs in Maryland and Delaware. **Early Bird Registration Cost: \$45/Standard Registration Cost: \$50.**

Operator Classes

Water Treatment – Compliance and Safety, Wednesday, August 30: TRE 5818-15-12, WT All Operators (Process, 7 hours); and *SCADA Systems* on Thursday, August 31: TRE 5738-15-06, All Operators (Process, 7 hours). **Early Bird Registration Cost: \$45/Standard Registration Cost: \$50.**

Women's Networking Event, Wednesday, August 30, 2023

All are welcome to join and participate in engaging conversations and networking. This year's theme is all about giving back and paying it forward to support more communities. Please join us in the Bayfront Ballroom on the second floor from 5:00 PM to 6:30 PM to share stories of volunteering, mentoring and navigating meaningful ways of lending a hand. **No cost, but you must register.**

Fun Night at Seacrets, Wednesday, August 30, 2023

Note: Seacrets tickets must be purchased by Tuesday, August 29, 2023. NO INDIVIDUAL TICKETS WILL BE SOLD AT THE CONFERENCE ON WEDNESDAY OR AT THE DOOR. Must be 21 years or older to enter. **Cost: \$75 per person.**

REGISTRATION INFORMATION

Business Luncheons/Meetings, Thursday, August 31, 2023

All three organizations (CSAWWA, CWEA, and WWOA) will hold their annual business luncheons/meetings concurrently on Thursday. Tickets are required for attendance at the business lunch, and exhibitors receive two tickets to their choice of association luncheon with their booth.

Cost: \$45 per ticket.

Young Professionals Happy Hour, Thursday, August 31, 2023

All are welcome to join the Young Professionals on Thursday for a fun night of networking! We will be enjoying happy hour and appetizers at Alley Oops Midtown Bowling Alley on 56th Street from 6:30 PM to 8:30 PM. Space is limited to 70 people, first come, first serve. Registration includes one happy hour drink and appetizers.

Cost: \$20 per person.

Guest Badges

All guests who wish to attend the non-ticketed Social Events, including breakfasts, breaks, receptions and other social events, will need to purchase a Guest Badge. **Cost: \$135 per guest. *Guest tickets are intended for those persons accompanying an attendee for non-business-related purposes. All attendees wishing to conduct business must register for the conference.***

Free Rides on Ocean City Buses!

All conference attendees, exhibitors and registered guests (with a name badge) can ride the Ocean City Buses free of charge by showing their 2023 Tri-Association Conference Name Badge between Tuesday August 29, 2023, at 2 PM and Friday September 1, 2023, at Noon.

REGISTRATION INFORMATION

The Fine Print

Payment Methods

Registration can only be purchased using a credit card – no cash or checks will be accepted for registration either in advance or at the conference. Upon completion of your registration, you will receive a confirmation that will show what was purchased, the type of payment used, and the amount paid.

Cancellations

All cancellation requests must be made *in writing* (see Contact the Registrar for email address) and received by the Registrar no later than August 8, 2023 at 11:59 PM. Refunds will be issued minus a 20% administrative fee for cancellations received before August 8, 2023 at 11:59 PM. No refunds will be issued for requests received after August 8, 2023 at 11:59 PM.

On-Site Registration

On-site registration will be available at the convention center. On-site registration can be done at the Registration Desk. *Note: Lines may be long for on-site registration so allow plenty of time to register before the sessions.*

Registration Information

Registered attendees can pick up their conference badge and tickets at the Registration Desk. Technical Session Attendance Forms, Conference Brochure, and any updates to conference information will be available at the Information Desk.

Contact the Registrar

If you have questions about the online registration process or systems, please contact RCS at tricon2023@rcsreg.com or (805) 654-0171.

For all other general conference information, please contact us at info@ChesapeakeTricon.org – we will respond within one business day.

CWEA, WWOA, AND CSAWWA thank you for your support!
