FAMILY NURSE PRACTITIONER

REPORTS TO: Medical Director
FLSA CATEGORY: Full-time, Exempt
EEO CATEGORY: Professional

POSITION DESCRIPTION

The Family Nurse Practitioner will be directly involved in the examination, treatment and continuity of care for patients in collaboration with HealthWorks’ physician(s) and within the scope of the nurse practitioner’s training, experience, qualifications and licensure. To further the focus of HealthWorks’ mission as a patient-centered medical home the nurse practitioner will support the patient’s optimal functioning and improve collaborative coordination of care by engaging the resources and expertise of staff care managers and community resources.

ESSENTIAL FUNCTIONS

Patient Care:
1. Provide appropriate and optimal service to all patients including but not limited to:
   a. recording patient histories
   b. performing physical examinations
   c. ordering and interpreting diagnostic lab work, x-rays and other tests
   d. assessing and creating patient-specific treatment plans
   e. providing appropriate treatment interventions as indicated (i.e. casting, medications, physical therapy, surgical, or other medical specialty referral)
   f. completing follow-up evaluations of ongoing cases
2. Guide and support identified patients in managing their preventive health care and chronic conditions.
3. Ensure patients’ understanding of their condition, treatment, encountered results and commitment to their management plan.
4. Track symptoms that are being followed, work ups underway, or high-risk areas of patients’ family or medical history.
5. Monitor preventive care (i.e. annual screenings, immunizations, labs, foot exams and eye exams).
6. Maintain open communication with other providers to ensure coordination of care both within and outside the clinic.
7. Accurately maintain records of patient communications through EMR system.
8. Review activities that take place during a patient’s clinic visit to ensure that care is being delivered at the appropriate level.
9. Assess and educate patient as appropriate regarding disease, need for compliance in prescribed care, and instruction in use of medications.
10. Review electronic medical records to ensure medical necessity and consult and work closely with Medical Director regarding care that doesn’t appear to meet medical necessity.
11. Maintain appropriate and identified patient case load.
12. Comply with all departmental policies and procedures and customer service expectations as applicable to clinic’s patients.
13. Work with Medical Director to define and document quality improvement issues.
14. Work with the Quality Improvement Committee (QIC), assist in establishing quality assurance and quality improvement initiatives.
15. Take calls from patients and/or medical providers and provide appropriate information to help expedite services.

**Clinical:**
1. Coordinate with Chief Operations Officer (COO) to identify, analyze, and resolve workflow concerns.
2. Participate in planning, implementing and evaluating clinical services.
3. Assist COO in analyzing organizational systems and policies and procedures to ensure patient satisfaction, clinic flow and maximize productivity.
4. Participate in HealthWorks’ Quality Assurance programs keeping data for PCMH.
5. Perform Nurse Practitioner duties in compliance with federal and state regulations: (FTCA, HIPAA, OSHA, CLIA, Medicare, etc.)
6. Participate in provider, QIC, administrative and all staff meetings as required.
7. Participate in professional development activities, maintaining currency with health care trends and required practices of HealthWorks’ and federal and state requirements.
