

**In Home Furniture Delivery** (See map, below)

In home delivery is the preferred method of delivery for the home owner.

In home delivery is the same as fine furniture, or white glove, delivery. This service will place the table in *any* room in your home. There is no additional charge to you.

- Set up is available for T3000 models which are split body cabinets, for \$75 - all of it goes to the persons setting up
- Set up is *not* available for home model, single body cabinets (Worthington, Elite, Classic and Sport)

Delivery dates are averaged. Loads are "built" by volume going to an area and this influences delivery times. Dates on the map are *average* number of days they are in your area; they are *not* guaranteed. For example: a truck is in Texas approximately every 18 days. If they are in Texas when your order is placed, your order will be taken to their warehouse where it will wait for their return and a new load to go out. If they are getting ready to leave for Texas, your order will be put on that load and leave immediately.

- Maine - Outside of the city of Portland: 6-8 weeks
- Not available west of the Mississippi except:
  - New Orleans
  - Texas – I-35 Corridor: Dallas, Austin, San Antonio, Houston

\*Rural areas in any state can add additional time to delivery times. The further out you live, the longer it takes.

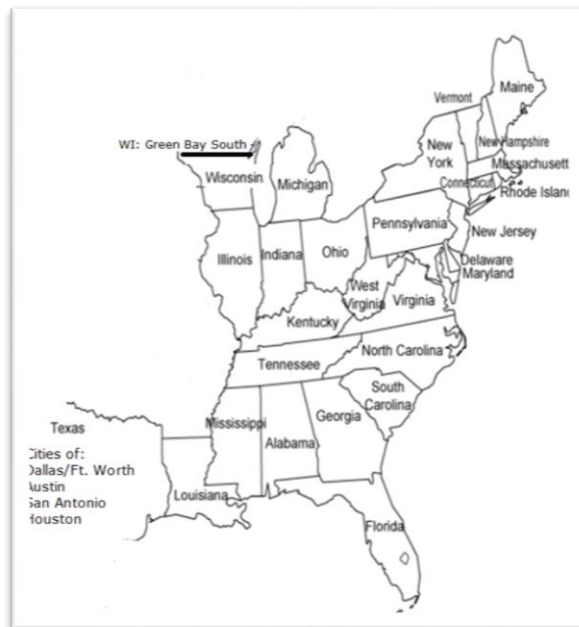

If for some reason, after in-home delivery is arranged, they cannot meet your requirements, we will contact you. Common carrier delivery is curbside and requires assistance from the customer and if a lift gate is required, additional fees will apply. "Inside Delivery" through a common carrier means leaving the goods in a garage or at the door, and extra fees apply and vary by carrier.

*We do not guaranteed delivery times.* In Home Furniture Delivery service is provided by an independent delivery firm and they control their schedules. The times given are approximate. Weather delays and equipment issues can impact delivery times.

All said and done, we are 100% satisfied with their service through the years and highly recommend using this delivery method if you have additional wait time.
