

HIGH COUNTRY WORKING EQUITATION WANTS TO INVITE OUR NEW MEMBERS TO A CLINIC JUST FOR YOU

New members, this is your opportunity to come and participate in a horseless clinic. Chris and Kitty want to help you begin on the right track in a relaxed, non-competitive atmosphere to explain the inner workings of riding Working Equitation.

April 29, 2018

THE FORMAT WILL BE:

- 1. Where do you start*
- 2. Dressage and the directives and how they impact and apply to the obstacles*
- 3. Movements that need to be learned so they can be applied to the obstacle course*
- 4. Course walk and explanations of each obstacle*
- 5. The many maneuvers needed to complete each obstacle and what you will be judged on during and obstacle ride*

Then the demo rider will ride through each obstacle the right way so you can understand what the judge is looking for and where you can increase your obstacle score.

A question and answer period will follow

Please dress for the weather as we don't know if we will be inside or out. Wear comfortable walking shoes. You will be walking through the obstacles as if you were on horseback. Bring a snack and your favorite beverage.

YOU MUST RSVP

**\$30.00 per person
starts at 1:00**

Send check or pay at the door to:

**Kitty McLaughlin
16191 County Rd 17
