## *~Milestones~*

*O God, our times are in your hand:  
Look with favor we pray, on your  
servants as they begin another year.  
Grant that they may grow in wisdom and grace,  
and strengthen their trust  
in your goodness all the days of their  
lives; through Jesus Christ our Lord.*

*Amen*

## **2016-2017 Stewardship Report**

There were 18 pledges for 2016 totaling \$24,374.00. The pledged income actually received amounted to \$21,637.00. For 2017, we have only received 13 pledges for a total of \$15,904.00, a reduction in pledges of \$8,470.00.

The pledged income for the church is depended upon; not only to plan our annual budget, but to fund our programming and keep the physical plant in good working order. As we look forward to the future, and the possibility of connecting with another rector, we have to keep our financial picture in mind. As you can see from the chart below, the majority of our expenses are split between salary expense, and program expense. Salary expense covers: our secretary; sexton; organist, and the snow removal contract. Program expenses account for: Sunday school supplies; conference education; fund raising expense; gifts; publications; and, most importantly, our Tuesday Night Dinners.

If you have not turned in a pledge card for 2017, it is not too late to do so. Please, prayerfully consider supporting the programs here at All Saints' Church. A pledge card is included at the end of the newsletter for your convenience.

## **Communion at Home**

If you are unable to attend church and would like to receive communion, please contact Barb Clonch (593-2396), Dave Cordone (598-8065) or Cindy (592-2102).

### **New Area Code for Central New York**

Central New York is finally getting a second area code. In March 2017, telephone companies will start giving out phone numbers in area code 680, which will cover the same 18-county region as 315.

#### **Some key dates to remember:**

**Feb. 11, 2017:** Mandatory 10-digit dialing begins. All local calls must be dialed with 10 digits (area code plus seven-digit number) as of this date.

**March 11, 2017:** This is the earliest date for phone numbers in area code 680 to go into service. The new area code will be assigned to new phone numbers. Nobody with an existing 315 number will have to switch area codes.

#### **You can still call 911.**

You will still dial just 911 to reach emergency responders. The same goes for other N11 services such as 411, 211, 511 and 811.

#### **Calling rates will not change**

Nothing about your home phone bill should change because of the additional area code. You will continue to pay the same rates for the same kinds of calls.

#### **Some calls will require 11 digits**

Most mobile phones and digital landline phones will complete calls if you dial just 10 digits. However, on traditional landline phones, you will have to dial 1 plus the 10-digit number to call outside of your own area code.

#### **Start updating your contact list now**

Chances are, you have a contact list in your phone that allows you to simply tap a name rather than dial that person's number. If you entered your Central New York contacts without the area code, you will have to add 315 to the numbers. Once 10-digit dialing kicks in, your calls will not go through without the area code.

#### **Reprogram any automatic dialing equipment you may have**

Do you have a home alarm system that automatically dials a local call center when it trips? Do you have dial-up internet service that connects your modem to a local phone exchange? Make sure equipment such as this are reprogrammed to dial the 10-digit number including area code. Now is the time to start updating your personal checks or other printed materials to add your area code.
