Dear Urban Neighbours

Subject: Provincial Assessment Model Review

We are writing to each of you to advise and request your assistance with the extremely important changes proposed by the Provincial Government respecting the Assessment Model Review.

Information is enclosed that explains what is being proposed for 2021. The simple fact is Lac Ste. Anne County is looking at a net reduction in M&E and Linear taxation revenue of \$1.3 million to \$1.9 million.

While this is only proposed at this time, the Province is close to making its decision. We need you to inform your (our) MLA, in addition to the Minister of Municipal Affairs and Premier Kenney, that the effect of the proposed changes will have drastic effects. External funding provided by Lac Ste. Anne County to its urban partners is threatened. The County will not be in a position to support any of your facilities or programs, as we would need to cut our budget by the \$1.3 million - \$1.9 million in 2021.

Please reach out to your provincial elected and voice the very real concerns. This will have an immediate effect on all of you.

If you require additional information please contact Reeve Blakeman at 780-918-1916 or CAO Mike Primeau at 780-785-3411.

We thank you for your support of this devastating proposal for municipalities throughout the province.

Sincerely,

A handwritten signature in black ink, appearing to read "Joe Blakeman", written over a horizontal line.

Good morning,

Please accept this email as a formal request to the Mayor and Council for your municipality to provide a letter of support to the Lac Ste. Anne Foundation regarding our intent to submit an application to the Green Municipal Fund's (GMF) Sustainable Affordable Housing fund for the purpose of obtaining a Planning Grant.

Planning grants are designed to assist housing providers to initiate more sustainable affordable housing projects in their communities. The ultimate goal of this offer is to help providers successfully develop outputs that may support applications for additional sources of funding for further development of energy efficient affordable housing projects, such as SAH's study grant or CMHC's Seed Funding.

The Lac Ste. Anne Foundation Board of Directors feel an overall assessment of our current portfolio as well as a needs assessment to determine future development in all communities we support is critical at this time.

This grant is intended to support the initial planning phase of projects through a variety of activities and based on the needs of the Foundation. Activities supported by the planning grant include:

- **Project initiation:** meetings, project scoping, work plan and timelines, background review, project visioning and goal setting;
- **Needs assessment:** evaluating housing stock, resident support, preliminary review of building opportunities;
- **Basic financial assessment:** review of current budget information, tasks and scope to assess magnitude of project costs and potential savings and funding sources;
- Stakeholder engagement activities;
- Support to identify qualified design consultants and contractors.

Thank you for your time and consideration to this request, if you have any questions, please feel free to contact me.

Subject: 2020 AUMA Convention registration open!

From: "President" <President@auma.ca>

Date: 7/17/20 10:59 am

To:

Good morning,

The 2020 AUMA Convention is coming, and this year's theme is *Together We Can!*

We are excited to announce that Peter Mansbridge will be our opening keynote speaker!

While this year's event might look a bit different, members across Alberta will continue to gather for the same great content, even if we all aren't under the same roof.

Our full convention is going to be offered virtually this year. However, if provincial restrictions for in-person events ease, we will allow each member to send one individual to attend in-person. If necessary, we will follow up with our members at the beginning of August to modify a virtual registration to an in-person registration.

Registration for convention is now open and grants access to:

- Dialogue sessions with provincial Ministers,
- Two exciting keynotes,
- Resolutions,
- Board elections,
- Award winning entertainment,
- Virtual networking events, and
- A week of education sessions leading up to the live event September 24th & 25th.

Registration will also provide urban elected officials the opportunity to vote on resolutions and Board elections. Elected officials must be registered as attendees to participate in voting.

We know that our members are currently facing financial restraint, so we have significantly lowered our typical registration fees for this year:

- **Member registration fee: \$100**
- **Non-member registration fee: \$200**

Stay tuned for more exciting speaker announcements in the coming weeks! If your municipality booked hotel rooms in an AUMA block, please visit our [event page](#) for cancellation details.

Thank you for your continued support of the AUMA Convention.

Barry Morishita | President
Mayor, City of Brooks

Municipal Stimulus Program

Summary

- \$500-million allocation-based program structured on the Municipal Sustainability Initiative (MSI), for construction of capital projects before December 31, 2021.
- Funding is distributed based on the Gas Tax Fund (GTF) allocation formula (largely per capita with a \$50,000 minimum; summer villages receive a base of \$5,000 plus the per capita amount).
- Project eligibility based on MSI guidelines, modified to exclude categories and activities with minimal contribution to economic recovery.
- Municipalities have broad discretion to apply for projects within the eligibility criteria, but Minister retains authority to approve projects.
- Municipalities will be required to report on progress in reducing municipal red tape.

Objectives

- Sustain and create local jobs.
- Enhance provincial competitiveness and productivity.
- Position communities to participate in future economic growth.
- Reduce municipal red-tape to promote job-creating private sector investment.

Program Overview

- Program is open to municipal authorities, Metis Settlements, and the Townsite of Redwood Meadows.
- Municipalities must commit to submitting an annual Red Tape Reduction report for each of 2020 and 2021. They will be required to indicate to the Minister's satisfaction how they have made progress in the following areas since the stimulus program was announced:
 - What steps have been taken to make it easier to start up a new business in the municipality?
 - What steps have been taken to streamline processes and shorten timelines for development and permit approvals?
 - What steps have been taken to make the municipality a more attractive destination for new investment and/or tourism?
- The red tape reduction report template will require municipalities to identify how they have reduced red tape from among several provided options, or they may identify their own actions. They will also be required to provide relevant metrics and/or a qualitative description of specific actions they have taken.
- Projects must begin construction in 2020 or 2021, and all funds must be expended before December 31, 2021, or repaid to the province. However, projects may continue past this date using other sources of funding.
- Municipalities must indicate the amount of funding required in both 2020 and 2021 for each project.
 - Payments for 2020 expenditures will be issued once municipalities sign the conditional grant agreement and receive approval on their project application(s).
 - Payments for 2021 expenditures will be issued in May 2021, unless municipalities identify a requirement to receive funding earlier.

Attention: Honourable Bill Blair

Dear Minister Blair:

RECEIVED
JUL 14 2020

Re: Criminal Code Amendment

At the City of Cold Lake's regular Council meeting of June 23, 2020, City Council debated and passed a motion regarding concerns relating to the criminal code amendments approved under an "Order in Council" on May 1, 2020. The City of Cold Lake is calling upon all municipalities in Alberta, Saskatchewan, and Manitoba to voice their concerns along with their respective provincial governments.

The following resolution has been passed:

"that Council lobby the federal government to revoke the amendments to the criminal code on May 1, 2020 under an "Order in Council" titled and referred to as "Regulations Amending the Regulations Prescribing Certain Firearms and Other Weapons, Components and Parts of Weapons, Accessories, Cartridge Magazines, Ammunition and Projectiles as Prohibited, Restricted or Non-Restricted: SOR/2020-96."

The City of Cold Lake supports initiatives to end violence; however, feels very strongly that the Government of Canada is wasting valuable resources and taking the wrong approach to gun control that will have zero effect on gun crime.

12

.../2

-2-

WHEREAS on May 1, 2020, the federal government amended the Criminal Code by ordering regulations prescribing certain firearms, components and parts of firearms, accessories, cartridge magazines, ammunition and projectiles as prohibited or restricted;

AND WHEREAS the Government of Canada is planning a buyback program to get the guns out of circulation, which is expected to cost between \$400 million and \$600 million, and if the history of federal estimating repeats itself, will likely be in excess of \$1 Billion;

AND WHEREAS the City of Cold Lake supports the Government of Canada's commitment to end violence, whether firearms are involved or not, by taking the opportunity to be more engaged and to collaborate with the public and local stakeholders to develop more effective solutions on the issue;

NOW THERE BE RESOLVED that the Council of the City of Cold Lake urges the Government of Canada to revoke the amendment, and instead institute the following:

Target crime, and focus on enforcement through enhanced enforcement capacity for law enforcement and border services, as well as harsher punishments for firearms trafficking and crimes involving firearms. The current ban targets law-abiding owners, rather than the holders of illicit firearms, and would not greatly impact crime reduction;

Collect and share relevant data on crime involving firearms through improved collection and sharing of data on crimes involving firearms, particularly in terms of sources of illicit firearms, and the types of crime being committed. This data is critical for supporting law enforcement and border agencies efforts, as well as informing policy and legislation;

Collaborate with the firearms community and industry to support communication, training and public education regarding firearms to create a multi-faceted approach rather than implementing a ban in isolation.

22

.../3

OFFICE OF THE MAYOR

-3-

The City feels that the federal government's gun ban will be an expensive exercise that will only serve to take law abiding people's property, while doing nothing to reduce crime. Municipalities are the level of government closest to the people, and a large part of our budget and operations is focused on providing safe and healthy communities. We see forecasts of hundreds of millions of federal dollars to be spent to buy guns back from people. As these are people who went through the necessary education, background checks, and licensing to purchase them, it seems to be a poorly thought out plan, especially if its aim is to reduce crime.

Respectfully,

Craig Copeland,
Mayor

Lac Ste. Anne County Library Board

RE: Municipal Funding to Local Libraries

The Lac Ste. Anne County Library Board (the Board) was established through bylaw of Lac Ste. Anne County (LSAC) and operates three service point libraries: Darwell Public Library, Rich Valley Public Library, and Sangudo Public Library. The Board recognizes that County residents also access libraries in our neighboring municipalities, thus provides funding to the Alberta Beach Municipal Library, the Mayerthorpe Public Library and the Onoway Public Library. All funding provided by the Board is provided on an equitable per capita basis, based on library service areas determined by the Board. The County's population figures are determined by the most current data available, which for 2020 is the 2016 census data.

Annual increases in funding to the Board from LSAC confirms the commitment of LSAC Council to supporting libraries in local communities, with per capita funding growing from \$8.28 per capita in 2008 to \$15.57 per capita in 2020.

In many rural communities, libraries are a hub for information, socialization, and connectiveness. Sadly, they also struggle financially to make ends meet. I write to you today to ask you to review what funding your municipality currently provides to your local library (or libraries) and to request any additional funding increases possible to support those facilities. I know that any funding provided will be used conscientiously to support the patrons of that library in the most effective means possible.

Please take the time to visit your local library, talk to the Library Manager, and see what you and your municipality can do to support the amazing work they do in your community. If we all work together to support this community resource, they not only will survive, but will thrive.

Sincerely,

Judy Kidd, Chairperson
Lac Ste. Anne County Library Board

There is also a spreadsheet listing the estimated costs that will be invoiced to each municipality included in the regulation. Estimates are provided for a five-year period.

Police Funding Regulation Information Sheet

What is it?

The *Police Funding Regulation* came into force on April 1, 2020 and was created to implement two separate initiatives, both of which address police funding and resourcing matters. These are:

- 1) The implementation of the Police Funding Model (PFM), and
- 2) The absorption of Option 1 Enhanced Policing Positions (EPPs).

The Police Funding Model

What is it?

Providing adequate and effective policing services in the province of Alberta is the responsibility of the provincial government under the *Police Act*.

The police funding model (PFM) takes the total cost of frontline officers and redistributes a portion of those costs to municipalities who receive the services of the Provincial Police Service (RCMP).

The new PFM requires those communities that have not previously paid for frontline policing to begin contributing a portion of the costs.

The model includes five variables that are used in calculations to distribute the province's costs:

- equalized assessment;
- population;
- crime severity;
- shadow population; and
- detachment location.

Engagement

Stakeholders were able to provide feedback on the test model during webinars and by responding to a survey.

Stakeholders included representatives from:

- Alberta Urban Municipalities Association;
- Rural Municipalities of Alberta; and
- Elected and administrative municipal representatives.

Stakeholders offered valuable perspectives on the costs of policing in Alberta. Feedback from the engagement highlighted several areas of stakeholder concerns.

Based on feedback, JSG amended the test model.

The formula for distribution of costs

Each municipality will have their costs calculated according to a formula comprised of a base amount adjusted by modifiers, where appropriate.

- Base cost (total share of policing costs) formula:
Weighted equalized assessment (50%) + weighted population (50%) = base
- Modifier (subsidies) formulas:
 - **Shadow population:** Subsidy given (max 5%) if officially recognized by the Government of Alberta or according to the President of Treasury Board and Minister of Finance.
 - **Crime Severity Index (CSI):** Subsidy given (0.05% per CSI point) if a municipality's three year average is above the rural three year municipal average.
 - **Detachment:** Subsidy of 5% given for municipalities that do not have a detachment in their community.

Invoicing

Each January, starting in 2021, municipalities will receive an invoice stating the amount that the municipality will pay for that fiscal year.

The invoice a municipality receives for their PFM amount is the amount to be paid. Any modifiers to the amount have already been accounted for in the PFM formula.

**Every municipality
will receive an
invoice for their
police funding
model share.**

Reinvestment

The new police funding model will generate revenue that will be reinvested into policing, with a priority on increasing core policing.

Funds need to be collected in order to do this.

The RCMP and JSG have a plan to invest in RCMP officers and civilian staff that will:

- support rural detachment enhancement (this is the priority in the first few years of reinvestment);
- expand aerial observation capability;
- undertake methamphetamine and opioid initiatives;
- address auto theft;
- continue to advance the Call Management Initiative;
- enhance General Investigative Services; and
- further support vulnerable persons, missing persons, and homicide investigations.

Enhanced Policing

As part of overall efforts to address police resourcing needs in rural Alberta, all EPP Option 1 agreements in existence last fall were terminated as of April 1, 2020. The Government of Alberta has now absorbed the cost of these **full-time policing** positions starting on that date.

As a result of this decision, municipalities that had these EPP Option 1 agreements *retain* the additional resource, but they are *no longer paying for that resource*. They will *not* receive an invoice going forward for EPP Option 1 services after April 1, 2020.

Municipalities still receive the services of the prior EPP Option 1 resource in the same way and purpose as they did prior to the enactment of the *Police Funding Regulation*, at least until such time as the PFM is reviewed.

PFM invoicing is distinct from EPP costs. EPP changes do not affect PFM amounts.

This change effects only EPP Option 1 agreements and municipalities *cannot* enter into any new EPP Option 1 agreements. Seasonal and temporary enhanced policing agreements (Option 2 EPPs) are still accommodated.

Police Advisory Board

The establishment of the new Alberta Police Advisory Board will give communities policed by the RCMP a forum to discuss provincial policing priorities.

The advisory board consists of representatives from the Rural Municipalities of Alberta, the Alberta Urban Municipalities Association, and the Alberta Association of Police Governance.

Through this venue, municipalities will be able to provide valued advice in matters related to the provincial police strategic and financial plans and further advocate for the resources their communities need to the leadership at the Ministry and RCMP.
