Mr. Kogan, we are awaiting your confirmation or denial to pay the fee required for us to search for these records. The estimated fee is for search and not duplication. Please let us know of your intention before November 28, 2014.

Please remember **you have requested a fair amount of data, that's still somewhat vague in some areas**--but we will try to help you to the best of our ability. The fee we've provided to you is merely an estimate that may increase or decrease depending on the actual time it takes to search for the requested documents.

Within the Department of Commerce, we provide the first two hours of search for free. Our current estimate is that it will take 98 hours to search for the documents you've requested, using professional labor at an average rate of \$41/hour.

Thanks in advance.
