Roof Shingle Material (samples are required) _____

Construction Material _____

Supplier or Contractor _____

Estimated Completion Date _____

Any variation or change to your property from original construction (i.e. Sheds, block wall alterations, new roof, change of paint color, etc) requires an ARC submittal form. In addition to this submittal form, please attach an accurate drawing, including your lot dimensions, to outline the exact location of the proposed improvement(s). With all documents in hand, check with the City of Tucson Planning and Development Services (201 N. Stone Ave) to get an approved site plan and/or permit prior to submitting your project to the ARC. You can contact them with any question at (520-791-5550). Any improvement that affects surrounding neighbors must have prior written consent from those neighbors. Please have them sign below as an indication of their agreement with your plans. Incomplete packages will not be reviewed by the ARC committee. All work shall be done in accordance with the diagram(s) and/or drawings approved by the City permit and the Architectural Review Committee. The ARC reserves the right to conduct periodic inspections of the project. If you are requesting a new roof, actual sample of shingles to be used will be required with your submittal. If you have questions regarding your project, please contact Bidegain Realty at the contact information provided at the top of this document. Project must be completed within 180 days, or a new submittal would be required.
