

Wanna Do, Wanna Be

By Darrell Johnson

Verse 1:

I saw a little boy who was up to no good, he was bullying another just because he could

(That's not what I wanna do, that's not what I wanna be)

He was pushin' and shovin' and I don't know why, it got so bad it made the other boy cry

(That's not what I wanna do, that's not what I wanna be)

Chorus:

I wanna be a kind person who looks out for his friends, always there to help no matter where or when

That's what I wanna do, that's what I wanna be

I wanna be an upstander who speaks up 'cause he knows that being a protector is the way to go

That's what I wanna do, that's what I wanna be

Verse 2:

I saw a young girl being teased by some friends. She told them all to stop but they just wouldn't give in

(That's not what I wanna do, that's not what I wanna be)

She tried her best to just ignore them with a tear in her eye. She walked away so hurt she thought she wanted to die

(That's not what I wanna do, that's not what I wanna be)

Chorus':

I wanna be a good person who looks out for her friends, always there to help no matter where or when

That's what I wanna do, that's what I wanna be

I wanna be an upstander who speaks up 'cause she knows that being a protector is the way to go

That's what I wanna do, that's what I wanna be

Verse 3:

A bully is someone whose action causes alarm; being mean and spreading rumors that create so much harm

(That's not what I wanna do, that's not what I wanna be)

They could be a cyber bully, they can cause you such pain, tellin' lies and being hurtful. It's completely insane

(That's not what I wanna do, that's not what I wanna be)

Chorus Vamp:

I wanna be a kind person who looks out for his friends, always there to help no matter where or when

That's what I wanna do, that's what I wanna be

I wanna be an upstander who speaks up 'cause he knows that being a protector is the way to go

That's what I wanna do, that's what I wanna be

I wanna be a kind person who looks out for his friends, always there to help no matter where or when

That's what I wanna do, that's what I wanna be

I wanna be an upstander who speaks up 'cause he knows that being a protector is the way to go

That's what I wanna do, that's what I wanna be

That's what I wanna be...

That's what I wanna be...
