

# Volunteer Opportunities

Education of young children is a partnership between parents and the school. Parents play an integral role at the school. When parents contribute their time, talents, or materials, it serves to promote a sense of community and upgrades the quality of our students' experience. To maximize the school's limited resources, there is an annual commitment of 20 hours of service to school per family, or a fee of \$10 per hour in place of this service.

There are a variety of opportunities to fulfill this requirement. Examples include: attending meetings and participating in the PTO (Parent Teacher Organization), its committees and activities, particularly fundraising events; chaperoning field trips; playground coverage for teacher's meetings; assisting teachers with materials preparation; assistance in the classroom reading with students; sharing/presenting to the class on a curriculum topic, etc. Other ideas and opportunities will be announced in weekly letters, newsletters and on the website.
