

NOTICE TO ALL GUESTS & STAFF

STONE'S COVID-19 HEALTH & SAFETY PLAN

This is our plan to help insure you and Stoney's staff are coming into a safe environment.

- Please do not enter in you have had a cough, fever, or any covid-19 symptoms or if you are living with anyone with covid-19
- PLEASE SOCIALLY DISTANCE AT LEAST 6 FEET as much as possible
- It is necessary to order a meal in order to consume alcoholic beverages
- Please avoid touching other surfaces in the restaurant besides your table
- Please maintain no more than two guests in the bathroom at any time, and maintain social distance as much as possible
- We will avoid using condiments that are shared between guests
- Please be willing to wait in your car or safely queue outside if there is a wait for a table
- Please use our posted color queues on the floor for social distancing in certain areas
- All of your group must be in at one time to be seated together
- Please try to avoid other guests and staff when possible
- We appreciate your wearing a mask for everyone's safety, however, it is not required
- Our menus are online, on a chalkboard, and we will also use disposable ones as needed
- Each table area will be cleaned and disinfected after each guest
- We will diligently and constantly clean & sanitize public spaces
- We ask that you socially distance inside Stoney's. Please try to maintain 6 feet front anyone not in your household.
- We ask that you wash your hands frequently for at least 20 seconds
- We will require our staff to wear face coverings for your protection. We will encourage, but not require, guests to wear face coverings
- Please avoid touching your eyes, nose, & mouth and wash hands after touching your mask if you are wearing a mask

- You are welcome to order online and then eat inside Stoney's to minimize time waiting inside
- Our staff will self screen at home and we will ask each employee when they come in if they completed their self screening and temperature check.
- If employees have a frequent cough, difficulty breathing, chills, muscle pain, head ache, soar throat, loss of smell or someone they live with has been diagnosed with covid-19, they will be sent home immediately.
- Staff will avoid other staff by maintaining 6' distancing when possible.
