

\$5,000 PERFORMING ARTS Scholarship

The Foundation's Scholarship Program is an expression of our commitment to advance the dreams of our talented young people by offering life changing opportunities toward the pursuit of higher education.

ELIGIBILITY

Applicant must be:

- A. A graduating senior from a local high school, home school or independent study program with a minimum GPA of 2.75
- B. Enrolling in an accredited post-secondary education program with a major or minor in a performing arts program (including technical fields).

SCHOLARSHIP SELECTION CRITERIA

Talent/Skills Demonstration and Interview

Each applicant must submit a sample of his or her talent/skills with a completed application. The committee will review qualified applications and conduct live interviews and auditions with selected finalists.

Academics

We value an applicant's commitment to their education. With that in mind, the committee will take into consideration all aspects of the applicant's academic performance to date including grade point average, extra-curricular club participation, honors and awards. The committee will also take into consideration any unique hardships, obstacles and challenge that students may have overcome in their lives.

Essay

Each applicant is required to submit a short essay of up to 600 words in length that addresses the question "what the arts mean to me?" Each committee member will independently evaluate and score essays based on both technical writing (grammar, syntax) and content.

Service

The Lancaster Performing Arts Center Foundation believes strongly in the value of community service. Each application includes a section to highlight those areas of service in the applicant's life.

Need

The committee may also take into consideration the financial need of applicants in an effort to change the lives of students that otherwise would not have opportunities to pursue an education in performing arts.
