

NOTICE TO PROSPECTIVE BIDDERS:

The ICR Sanitary District is accepting bids for expansion of its wastewater treatment plant at 14000 Grey Bears Trail in Prescott, AZ. The Design of Improvements for Expansion of Waste Water Treatment Plant project covers plans to expand the current treatment plant from an estimated 65,000 gallons per day to a capacity of approximately 90,000 gallons per day. It is estimated that the cost of construction of these improvements will be approximately \$400,000. Selection will be made based on the lowest bid received from a qualified bidder. Bids will be opened in a public meeting of the ICR Sanitary District Governing Board on August 22, 2019. The ICR Sanitary District reserves the right to reject any or all bids and waive any irregularities or informalities

Bid documents may be obtained from the District's website: www.icrsd.net or by contacting the project engineering firm, Civiltec Engineering at 928-771-2376. Deadline for acceptance of bids is 4:00 PM., Friday, August 16, 2019.
