

How asset-based long-term care works

The Care Solutions® product suite offers asset-based long-term care (LTC) products that may provide individuals and couples with options to help them protect against the threat of LTC expenses — and still provide value if care is never needed.

By using the time-tested concepts of life insurance and annuities as their foundation, the Care Solutions products may help you prepare for these retirement concerns:

- Living a long life
- Covering LTC costs
- Helping with asset accumulation
- Assisting with wealth transfer

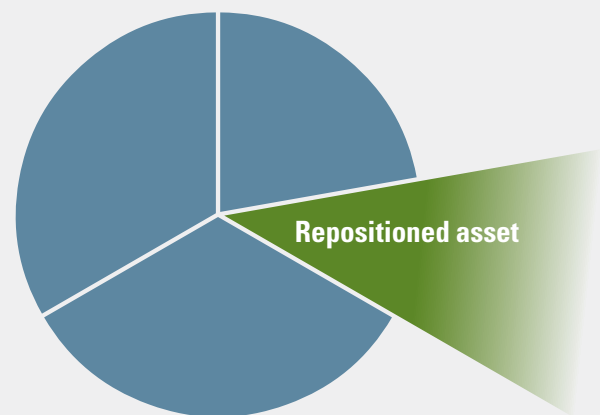

An asset-based LTC policies offers you

- Premiums that never increase
- Benefits even if LTC is never needed
- Flexibility of either a single or two-person contract

¹ Continuation of Benefits for long-term care insurance rider is available for an additional cost

Your assets

Asset-based LTC policies work by leveraging existing assets to help pay for LTC expenses only if they are needed. And, if LTC expenses aren't incurred, then the assets pass on to your beneficiary — your family or favorite charity.

Repositioned asset can provide:

- Death benefit
- Cash value
- Long-term care
- Continuation of Benefits for long-term care insurance rider¹
