

**Can I choose my car color?**

- Renault does not allow us to select your car color. The majority of cars usually come in neutral colors.

**Can I let someone borrow my car?**

- Family members are fully insured. To allow a friend to drive the car, the person registered to the car must be present in the car. Neither Renault nor MBA Cars is responsible for issues arising between those persons sharing or lending cars and do not recommend doing so.
- Please note, if you have booked the car under a *Special TT* contract only the registered driver may drive the car.
